## NOTE REGARDING FORWARD-LOOKING STATEMENTS

This Quarterly Report on Form 10-Q, including the sections entitled "Management's Discussion and Analysis of Financial Condition and Results of Operations" and "Risk Factors," contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. All statements other than statements of historical fact, including statements regarding our future results of operations and financial position, our business strategy and plans, our objectives for future operations, and any statements of a general economic or industry specific nature, are forward-looking statements. You can identify forward-looking statements by the fact that they do not relate strictly to historical or current facts. Words such as "anticipate," "estimate," "expect," "project," "plan," "intend," "believe," "may," "will," "continue," "could," "should," "can have," "likely," or the negative or plural of these words and similar expressions are intended to identify forward-looking statements. We have based these forward-looking statements largely on our current expectations and projections about future events and trends that we believe, based on information currently available to our management, may affect our financial condition, results of operations, business strategy, short-term and long-term business operations and objectives, and financial needs. These forward-looking statements are subject to a number of risks, uncertainties and assumptions, including those described in the "Risk Factors" section of our most recent Annual Report on Form 10-K. Moreover, we operate in a very competitive and rapidly changing environment. New risks emerge from time to time. It is not possible for our management to predict all risks, nor can we assess the impact of all factors on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements we may make. In light of these risk

You should not rely upon forward-looking statements as predictions of future events. The events and circumstances reflected in the forward-looking statements may not be achieved or occur. Although we believe that the expectations and assumptions reflected in the forward-looking statements are reasonable, we cannot guarantee future results, levels of activity, performance, or achievements. We undertake no obligation to publicly update any forward-looking statement after the date of this report, whether as a result of new information, future developments or otherwise, or to conform these statements to actual results or revised expectations, except as may be required by law.

## 1. BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### **Description of Business**

Vantiv, Inc., a Delaware corporation, is a holding company that conducts its operations through its majority-owned subsidiary, Vantiv Holding, LLC ("Vantiv Holding"). Vantiv, Inc. and Vantiv Holding are referred to collectively as the "Company," "Vantiv," "we," "us" or "our," unless the context requires otherwise.

The Company provides electronic payment processing services to merchants and financial institutions throughout the United States of America. The Company markets its services through diverse distribution channels, including national, regional and mid-market sales teams, third-party reseller clients and a telesales operation. The Company also has relationships with a broad range of referral partners that include merchant banks, independent software vendors ("ISVs"), value-added resellers ("VARs"), payment facilitators, independent sales organizations ("ISOs") and trade associations as well as arrangements with core processors.

#### Segments

The Company's segments consist of the Merchant Services segment and the Financial Institution Services segment. The Company's Chief Executive Officer ("CEO"), who is the chief operating decision maker ("CODM"), evaluates the performance and allocates resources based on the operating results of each segment. Below is a summary of each segment:

- Merchant Services—Provides merchant acquiring and payment processing services to large national merchants, regional and small-to-mid sized businesses. Merchant services are sold to small to large businesses through diverse distribution channels. Merchant Services includes all aspects of card processing including authorization and settlement, customer service, chargeback and retrieval processing and interchange management.
- Financial Institution Services—Provides card issuer processing, payment network processing, fraud protection, card production, prepaid
  program management, automated teller machine ("ATM") driving and network gateway and switching services that utilize the Company's
  proprietary Jeanie debit payment network to a diverse set of financial institutions, including regional banks, community banks, credit unions and
  regional personal identification number ("PIN") networks. Financial Institution Services also provides statement production, collections and
  inbound/outbound call centers for credit transactions, and other services such as credit card portfolio analytics, program strategy and support,
  fraud and security management and chargeback and dispute services.

### Basis of Presentation and Consolidation

The accompanying consolidated financial statements include those of Vantiv, Inc. and all subsidiaries thereof, including its majority-owned subsidiary, Vantiv Holding, LLC. The accompanying consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") and should be read in connection with the Company's 2014 audited financial statements and notes thereto included in the Company's Annual Report on Form 10-K. The accompanying consolidated financial statements are unaudited; however, in the opinion of management they include all normal and recurring adjustments necessary for a fair presentation of the Company's financial position, results of operations and cash flows for the periods presented. Results of operations reported for interim periods are not necessarily indicative of results for the entire year. All intercompany balances and transactions have been eliminated.

As of June 30, 2015, Vantiv, Inc. and Fifth Third Bank ("Fifth Third") owned interests in Vantiv Holding of 77.25% and 22.75%, respectively (see Note 6 - Controlling and Non-controlling Interests for changes in non-controlling interests).

The Company accounts for non-controlling interests in accordance with Accounting Standards Codification ("ASC") 810, *Consolidation*. Noncontrolling interests primarily represent Fifth Third's minority share of net income or loss of and equity in Vantiv Holding. Net income attributable to noncontrolling interests does not include expenses incurred directly by Vantiv, Inc., including income tax expense attributable to Vantiv, Inc. All of the Company's non-controlling interests are presented after Vantiv Holding income tax expense in the accompanying consolidated statements of income as "Net income

attributable to non-controlling interests." Non-controlling interests are presented as a component of equity in the accompanying consolidated statements of financial position.

#### Share Repurchase Program

In February 2014, our board of directors authorized a program to repurchase up to \$300 million of our Class A common stock. We have approximately \$275 million of share repurchase authority remaining as of June 30, 2015 under this authorization. Purchases under the repurchase program are allowed from time to time in the open market, in privately negotiated transactions, or otherwise. The manner, timing, and amount of any purchases are determined by management based on an evaluation of market conditions, stock price, and other factors. The share repurchase program has no expiration date and the Company may discontinue purchases at any time that management determines additional purchases are not warranted.

#### Sponsorship

In order to provide electronic payment processing services, Visa, MasterCard and other payment networks require sponsorship of non-financial institutions by a member clearing bank. In June 2009, the Company entered into a ten-year agreement with Fifth Third (the "Sponsoring Member") to provide sponsorship services to the Company. The Company also has agreements with certain other banks that provide sponsorship into the card networks.

#### Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates.

#### **Revenue Recognition**

The Company has contractual agreements with its clients that set forth the general terms and conditions of the relationship including line item pricing, payment terms and contract duration. Revenues are recognized as earned (i.e., for transaction based fees, when the underlying transaction is processed) in conjunction with ASC 605, *Revenue Recognition*. ASC 605, *Revenue Recognition*, establishes guidance as to when revenue is realized or realizable and earned by using the following criteria: (1) persuasive evidence of an arrangement exists; (2) delivery has occurred or services have been rendered; (3) the seller's price is fixed or determinable; and (4) collectibility is reasonably assured.

The Company follows guidance provided in ASC 605-45, *Principal Agent Considerations*. ASC 605-45, *Principal Agent Considerations*, which states that whether a company should recognize revenue based on the gross amount billed to a customer or the net amount retained is a matter of judgment that depends on the facts and circumstances of the arrangement and that certain factors should be considered in the evaluation. The Company recognizes processing revenues net of interchange fees, which are assessed to the Company's merchant customers on all processed transactions. Interchange rates are not controlled by the Company, which effectively acts as a clearing house collecting and remitting interchange fee settlement on behalf of issuing banks, debit networks, credit card associations and its processing customers. All other revenue is reported on a gross basis, as the Company contracts directly with the end customer, assumes the risk of loss and has pricing flexibility.

The Company generates revenue primarily by processing electronic payment transactions. Set forth below is a description of the Company's revenue by segment.

#### Merchant Services

The Company's Merchant Services segment revenue is primarily derived from processing credit and debit card transactions. Merchant Services revenue is primarily comprised of fees charged to businesses, net of interchange fees, for payment processing services, including authorization, capture, clearing, settlement and information reporting of electronic transactions. The fees charged consist of either a percentage of the dollar volume of the transaction or a fixed fee, or both, and are recognized at the time of the transaction. Merchant Services revenue also includes a number of revenue items that are incurred by the Company and are reimbursable as the costs are passed through to and paid by the Company's clients. These items primarily consist of Visa, MasterCard and other payment network fees. In addition, for sales through ISOs and certain other referral sources in which the Company is the primary party to the contract with the merchant, the Company records the

full amount of the fees collected from the merchant as revenue. Merchant Services segment revenue also includes revenue from ancillary services such as fraud management, equipment sales and terminal rent. Merchant Services revenue is recognized as services are performed.

#### Financial Institution Services

The Company's Financial Institution Services segment revenues are primarily derived from debit, credit and ATM card transaction processing, ATM driving and support, and PIN debit processing services. Financial Institution Services revenue associated with processing transactions includes per transaction and account related fees, card production fees and fees generated from the Company's Jeanie network. Financial Institution Services revenue related to card transaction processing is recognized when consumers use their client-issued cards to make purchases. Financial Institution Services also generates revenue through other services, including statement production, collections and inbound/outbound call centers for credit transactions and other services such as credit card portfolio analytics, program strategy and support, fraud and security management and chargeback and dispute services. Financial Institution Services revenue is recognized as services are performed.

Financial Institution Services provides certain services to Fifth Third. Revenues related to these services are included in the accompanying statements of income as related party revenues.

#### Expenses

Set forth below is a brief description of the components of the Company's expenses:

- *Network fees and other costs* primarily consist of certain expenses incurred by the Company in connection with providing processing services to its clients which are passed through to its clients, including Visa and MasterCard network association fees, payment network fees, third party processing fees, telecommunication charges, postage and card production costs.
- *Sales and marketing* expense primarily consists of salaries and benefits paid to sales personnel, sales management and other sales and marketing personnel, residual payments made to ISOs and referral partners, and advertising and promotional costs.
- Other operating costs primarily consist of salaries and benefits paid to operational and IT personnel, costs associated with operating the Company's technology platform and data centers, information technology costs for processing transactions, product development costs, software consulting fees and maintenance costs.
- *General and administrative* expenses primarily consist of salaries and benefits paid to executive management and administrative employees, including finance, human resources, product development, legal and risk management, share-based compensation costs, equipment and occupancy costs and consulting costs.
- Non-operating expenses during the three months and six months ended June 30, 2015 primarily relate to the change in fair value of a tax
  receivable agreement ("TRA") entered into in June 2014 (see Note 8 Fair Value Measurements). The amounts for the three months and six
  months ended June 30, 2014 relate to the refinancing of the Company's senior secured credit facilities in June 2014 and the change in fair value
  of a TRA entered into in June 2014.

### Share-Based Compensation

The Company expenses employee share-based payments under ASC 718, *Compensation—Stock Compensation*, which requires compensation cost for the grant-date fair value of share-based payments to be recognized over the requisite service period. The Company estimates the grant date fair value of the share-based awards issued in the form of options using the Black-Scholes option pricing model. The fair value of restricted stock awards and performance awards is measured based on the market price of the Company's stock on the grant date. For the six months ended June 30, 2015 and 2014 total share-based compensation expense was \$16.7 million and \$20.0 million, respectively.

#### **Earnings Per Share**

Basic earnings per share is computed by dividing net income attributable to Vantiv, Inc. by the weighted average shares outstanding during the period. Diluted earnings per share is computed by dividing net income attributable to Vantiv, Inc., adjusted as necessary for the impact of potentially dilutive securities, by the weighted-average shares outstanding during the period and the impact of securities that would have a dilutive effect on earnings per share. See Note 9 - Net Income Per Share for further discussion.

#### **Dividend Restrictions**

The Company does not intend to pay cash dividends on its Class A common stock in the foreseeable future. Vantiv, Inc. is a holding company that does not conduct any business operations of its own. As a result, Vantiv, Inc.'s ability to pay cash dividends on its common stock, if any, is dependent upon cash dividends and distributions and other transfers from Vantiv Holding, which are subject to certain Fifth Third consent rights in the Amended and Restated Vantiv Holding Limited Liability Company Agreement. These consent rights require the approval of Fifth Third for certain significant matters, including the payment of all distributions by Vantiv Holding other than certain permitted distributions, which relate primarily to the payment of tax distributions and tax-related obligations. The amounts available to Vantiv, Inc. to pay cash dividends are also subject to the covenants and distribution restrictions in its subsidiaries' loan agreements. As a result of the restrictions on distributions from Vantiv Holding and its subsidiaries, essentially all of the Company's consolidated net assets are held at the subsidiary level and are restricted as of June 30, 2015.

#### **Income Taxes**

Vantiv, Inc. is taxed as a C corporation for U.S. income tax purposes and is therefore subject to both federal and state taxation at a corporate level.

Income taxes are computed in accordance with ASC 740, *Income Taxes*, and reflect the net tax effects of temporary differences between the financial reporting carrying amounts of assets and liabilities and the corresponding income tax amounts. The Company has deferred tax assets and liabilities and maintains valuation allowances where it is more likely than not that all or a portion of deferred tax assets will not be realized. To the extent the Company determines that it will not realize the benefit of some or all of its deferred tax assets, such deferred tax assets will be adjusted through the Company's provision for income taxes in the period in which this determination is made. As of June 30, 2015 and December 31, 2014, the Company had recorded no valuation allowances against deferred tax assets.

The Company's consolidated interim effective tax rate is based upon expected annual income from operations, statutory tax rates and tax laws in the various jurisdictions in which the Company operates. Significant or unusual items, including adjustments to accruals for tax uncertainties, are recognized in the quarter in which the related event occurs.

The Company's effective tax rates were 31.5% and 28.4%, respectively, for the six months ended June 30, 2015 and 2014. The effective tax rate for each period reflects the impact of the Company's non-controlling interests.

#### Cash and Cash Equivalents

Cash on hand and investments with original maturities of three months or less (that are readily convertible to cash) are considered to be cash equivalents. Cash equivalents consist primarily of overnight EuroDollar sweep accounts which are maintained at reputable financial institutions with high credit quality and therefore are considered to bear minimal credit risk.

#### Accounts Receivable-net

Accounts receivable primarily represent processing revenues earned but not collected. For a majority of its customers, the Company has the authority to debit the client's bank accounts through the Federal Reserve's Automated Clearing House; as such, collectibility is reasonably assured. The Company records a reserve for doubtful accounts when it is probable that the accounts receivable will not be collected. The Company reviews historical loss experience and the financial position of its customers when estimating the allowance. As of June 30, 2015 and December 31, 2014, the allowance for doubtful accounts was not material to the Company's statements of financial position.

#### **Customer Incentives**

Customer incentives represent signing bonuses paid to customers. Customer incentives are paid in connection with the acquisition or renewal of customer contracts, and are therefore deferred and amortized using the straight-line method based on the contractual agreement. Related amortization is recorded as contra-revenue.

#### Property, Equipment and Software-net

Property, equipment and software consists of the Company's facilities, furniture and equipment, software, land and leasehold improvements. These assets are depreciated on a straight-line basis over their respective useful lives, which are 15 to 40 years for the Company's facilities and related improvements, 2 to 10 years for furniture and equipment, 3 to 5 years for software and 3 to 10 years for leasehold improvements or the lesser of the estimated useful life of the improvement or the term of lease. Also included in property, equipment and software is work in progress consisting of costs associated with software developed for internal use which has not yet been placed in service. Accumulated depreciation as of June 30, 2015 and December 31, 2014 was \$224.5 million and \$202.8 million, respectively.

The Company capitalizes certain costs related to computer software developed for internal use and amortizes such costs on a straight-line basis over an estimated useful life of 3 to 5 years. Research and development costs incurred prior to establishing technological feasibility are charged to operations as such costs are incurred. Once technological feasibility has been established, costs are capitalized until the software is placed in service.

#### Goodwill and Intangible Assets

In accordance with ASC 350, *Intangibles—Goodwill and Other*, the Company tests goodwill for impairment for each reporting unit on an annual basis, or when events occur or circumstances indicate the fair value of a reporting unit is below its carrying value. If the fair value of a reporting unit is less than its carrying value, an impairment loss is recorded to the extent that fair value of the goodwill within the reporting unit is less than its carrying value. The Company performed its most recent annual goodwill impairment test for all reporting units as of July 31, 2014 using market data and discounted cash flow analyses. Based on this analysis, it was determined that the fair value of all reporting units were substantially in excess of the carrying value. There have been no other events or changes in circumstances subsequent to the testing date that would indicate impairment of these reporting units as of June 30, 2015.

Intangible assets consist of acquired customer relationships, trade names and customer portfolios and related assets that are amortized over their estimated useful lives. The Company reviews finite lived intangible assets for possible impairment whenever events or changes in circumstances indicate that carrying amounts may not be recoverable. As of June 30, 2015, there have been no such events or circumstances that would indicate potential impairment of finite lived intangible assets. Subsequent to the Mercury acquisition in June 2014, the Company decided to phase out an existing trade name used in the ISO channel within the Merchant Services segment. As a result of this decision, the remaining useful life was changed from indefinite to definite which resulted in the Company recording a charge to amortization expense of \$34.3 million during the quarter ended June 30, 2014.

#### Settlement Assets and Obligations

Settlement assets and obligations result from Financial Institution Services when funds are transferred from or received by the Company prior to receiving or paying funds to a different entity. This timing difference results in a settlement asset or obligation. The amounts are generally collected or paid the following business day.

The settlement assets and obligations recorded by Merchant Services represent intermediary balances due to differences between the amount the Sponsoring Member receives from the card associations and the amount funded to the merchants. Such differences arise from timing differences, interchange expenses, merchant reserves and exception items. In addition, certain card associations limit the Company from accessing or controlling merchant settlement funds and, instead, require that these funds be controlled by the Sponsoring Member. The Company follows a net settlement process whereby, if the settlement received from the card associations precedes the funding obligation to the merchant, the Company temporarily records a corresponding liability. Conversely, if the funding obligation to the merchant precedes the settlement from the card associations, the amount of the net receivable position is recorded by the Company, or in some cases, the Sponsoring Member may cover the position with its own funds in which case a receivable position is not recorded by the Company.

#### Derivatives

The Company accounts for derivatives in accordance with ASC 815, *Derivatives and Hedging*. This guidance establishes accounting and reporting for derivative instruments, including certain derivative instruments embedded in other contracts, and for hedging activities. All derivatives, whether designated in hedging relationships or not, are required to be recorded on the statement of financial position at fair value. If the derivative is designated as a fair value hedge, the changes in the fair value of the derivative and the hedged item will be recognized in earnings. If the derivative is designated as a cash flow hedge, the effective portion of the change in the fair value of the derivative will be recorded in accumulated other comprehensive income ("AOCI") and will be recognized in the statement of income when the hedged item affects earnings. The Company does not enter into derivative financial instruments for speculative purposes.

#### Tax Receivable Agreements

As of June 30, 2015, the Company is party to tax receivable agreements ("TRAs") with Fifth Third, which were executed in connection with its initial public offering ("IPO"). One provides for the payment by the Company to Fifth Third of 85% of the amount of cash savings, if any, in U.S. federal, state, local and foreign income tax that the Company actually realizes as a result of the increases in tax basis that may result from the purchase of Vantiv Holding units from Fifth Third or from the future exchange of units by Fifth Third for cash or shares of the Company's Class A common stock, as well as the tax benefits attributable to payments made under such tax receivable agreement. Any actual increase in tax basis, as well as the amount and timing of any payments under the agreement, will vary depending upon a number of factors, including the timing of exchanges, the price of shares of our Class A common stock at the time of the exchange, the extent to which such exchanges are taxable, and the amount and timing of the Company's income. The other tax receivable agreement provides for the payment by the Company to Fifth Third of 85% of the amount of cash savings according to Fifth Third's respective ownership interests in Vantiv Holding immediately prior to our initial public offering, if any, in U.S. federal, state, local and foreign income tax that National Processing Company ("NPC") actually realizes as a result of its use of its net operating losses ("NOLs") and other tax attributes.

Simultaneously and in connection with the completion of the acquisition of Mercury Payment Systems, LLC ("Mercury"), the Company entered into a TRA (the "Mercury TRA") with pre-acquisition owners of Mercury (the "Mercury TRA Holders"). The Mercury TRA generally provides for the payment by the Company to the Mercury TRA Holders of 85% of the value of the amount of cash savings, if any, in U.S. federal, state, local and foreign income tax that the Company actually realizes as a result of the increase in tax basis of the assets of Mercury and the use of the NOLs and other tax attributes of Mercury. The Mercury TRA is considered contingent consideration under ASC 805, *Business Combinations* ("ASC 805") as it is part of the consideration payable to the former owners of Mercury. In accordance with ASC 805, the contingent consideration is initially measured at fair value at the acquisition date and recorded as a liability. The Mercury TRA Holders. The liability recorded by the Company for the Mercury TRA obligations will be re-measured at fair value at each reporting date with the change in fair value recognized in earnings as a non-operating expense.

All TRA obligations are recorded based on the full and undiscounted amount of the expected future payments, except for the Mercury TRA which represents contingent consideration relating to an acquired business, and is recorded at fair value for financial reporting purposes (See Note 8 - Fair Value Measurements).

Payments under each of the TRAs discussed above are required to the extent the Company realizes cash savings as a result of the underlying tax attributes. The cash savings realized by the Company are computed by comparing the Company's actual income tax liability to the amount of such taxes the Company would have been required to pay had there been no deductions related to the tax attributes discussed above. The Company retains the benefit of the remaining 15% of these tax savings.

The timing and/or amount of aggregate payments due under the TRAs may vary based on a number of factors, including the amount and timing of the taxable income the Company generates in the future and the tax rate then applicable, the use of loss carryovers and amortizable basis. Payments under the TRAs, if necessary, are required to be made no later than January 5th of the second year immediately following the current taxable year. A payment under the TRA obligations of approximately \$22.8 million was paid during January 2015. The term of the TRAs will continue until all such tax benefits have been utilized or expired, unless we exercise our right to terminate the TRAs for an amount based on the agreed payments remaining to be made under the agreements. See Note 12 - Subsequent Event for discussion of the Repurchase Addendum to the Mercury TRA executed as of July 24, 2015.

#### **New Accounting Pronouncements**

In April 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-03, *Interest - Imputation of Interest (Subtopic 835-30): Simplifying the Presentation of Debt Issuance Costs.* The update requires debt issuance costs related to a recognized debt liability be presented in the balance sheet as a direct deduction from the carrying amount of the related debt liability instead of being presented as an asset. Amortization of the costs will continue to be reported as interest expense. The update requires retrospective application and represents a change in accounting principle. The update is effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2015, with early adoption permitted for financial statements that have not been previously issued. The Company does not expect the new guidance to have a material impact on the Company's consolidated financial statements.

In May 2014, the FASB issued ASU 2014-09, "Revenue From Contracts With Customers." The ASU supersedes the revenue recognition requirements in ASC 605, *Revenue Recognition*. The amendment provides a five-step analysis of transactions to determine when and how revenue is recognized, based upon the core principal that revenue is recognized to depict the transfer of goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The amendment also requires additional disclosures regarding the nature, amount, timing, and uncertainty of revenue and cash flows arising from contracts with customers. The amendment is effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2016, with early adoption prohibited. The amendment allows companies to use either a full retrospective or a modified retrospective approach to adopt this ASU. In July 2015, the FASB confirmed its decision to defer the effective date of this standard by one year, which makes the standard effective beginning after December 15, 2017. The Company is currently evaluating which transition approach to use and assessing the impact of the adoption of this principle on the Company's consolidated financial statements.

#### 2. BUSINESS COMBINATIONS

#### Acquisition of Mercury Payment Systems, LLC

On June 13, 2014, the Company completed the acquisition of Mercury, acquiring all of the outstanding voting interest. Mercury was a payment technology and service leader whose solutions are integrated into point-of-sale software applications and brought to market through dealer and developer partners. This acquisition helps to accelerate the Company's growth in the integrated payments channel.

During the second quarter of 2015, the Company recorded measurement period adjustments to the trade name and to the Mercury TRA. The adjustment to the trade name, which is included in intangible assets below, is based on a change in the underlying assumptions used to value the trade name due to the refinement of estimates. The trade name was initially assigned a value of \$59.1 million and a weighted average estimated useful life of 9.5 years utilizing the relief from royalty method. As a result of a change in the underlying assumptions due to the refinement of estimates, the Company is assigning the trade name a value of \$15 million based on a weighted average estimated useful life of 2.5 years. The adjustment to the Mercury TRA is due to a change in the inputs used in determining the fair value of the TRA as a result of refining estimates. Both measurement period adjustments are reflected in the table below and have no effect on the accompanying statement of income.

The following is the final fair value of the purchase price for Mercury (in thousands):

| Cash purchase price paid at closing                     | \$<br>1,681,179 |
|---|-----------------|
| Fair value of contingent consideration related to a TRA | 192,507         |
| Total purchase price                                    | \$<br>1,873,686 |

The acquisition was accounted for as a business combination under ASC 805. The purchase price was allocated to the assets acquired and the liabilities assumed based on the estimated fair value at the date of acquisition. The excess of the purchase price over the fair value of the net assets acquired was allocated to goodwill, a significant portion of which is deductible for tax purposes. Goodwill, assigned to Merchant Services, consists primarily of the acquired workforce and growth opportunities, none of which qualify as an intangible asset. The final purchase price allocation is as follows (in thousands):

| Cash acquired                       | \$<br>22,485    |
|-------------------------------------|-----------------|
| Current assets                      | 47,421          |
| Property, equipment and software    | 32,257          |
| Intangible assets                   | 347,000         |
| Goodwill                            | 1,422,916       |
| Deferred tax assets                 | 43,054          |
| Other non-current assets            | 767             |
| Current and non-current liabilities | (42,214)        |
| Total purchase price                | \$<br>1,873,686 |

The following pro forma information shows the Company's results of operations for the three months and six months ended June 30, 2014 as if the Mercury acquisition had occurred January 1, 2013. The pro forma information is presented for informational purposes only and is not necessarily indicative of what would have occurred if the acquisition had been made as of that date, nor is it intended to be indicative of future operating results.

The pro forma results include certain pro forma adjustments that were directly attributable to the business combination as follows:

· additional amortization expense that would have been recognized relating to the acquired intangible assets,

• an adjustment of interest expense to reflect the additional borrowings of the Company in conjunction with the acquisition and removal of Mercury historical debt, and

• a reduction in non-operating expenses in the three and six months ended June 30, 2014 for acquisition-related transaction costs and debt refinancing costs incurred by the Company.

#### 3. GOODWILL AND INTANGIBLE ASSETS

Changes in the carrying amount of goodwill, by business segment, are as follows (in thousands):

|   | M  | erchant Services | Fin | ancial Institution<br>Services | Total           |
|---|----|------------------|-----|--------------------------------|-----------------|
| Balance as of December 31, 2014                     | \$ | 2,716,516        | \$  | 574,850                        | \$<br>3,291,366 |

| Balance as of June 30, 2015                         | \$ | 2,791,678        | \$  | 574,850                        | \$<br>3,366,528 |

(1) Amount represents adjustments to goodwill associated with the acquisition of Mercury as a result of the finalization of purchase accounting.

Intangible assets consist of acquired customer relationships, trade names and customer portfolios and related assets. The useful lives of customer relationships are determined based on forecasted cash flows, which include estimates for customer attrition associated with the underlying portfolio of customers acquired. The customer relationships acquired in conjunction with acquisitions are amortized based on the pattern of cash flows expected to be realized taking into consideration expected revenues and customer attrition, which are based on historical data and the Company's estimates of future performance. These estimates result in accelerated amortization on certain acquired intangible assets.

Indefinite lived trade names are reviewed for impairment on an annual basis or whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. Subsequent to the Mercury acquisition in June 2014, the Company decided to phase out an existing trade name used in the ISO channel. The trade name was originally expected to remain in use for the foreseeable future and therefore was deemed an indefinite lived intangible asset not subject to amortization. As a result of this decision, the remaining useful life was changed from indefinite to definite which resulted in the Company recording a charge to amortization expense of \$34.3 million during the quarter ended June 30, 2014. The trade name was revalued utilizing an income approach using the relief-from-royalty method. The revised fair value of \$6.7 million is being amortized on a straight-line basis over the remaining estimated useful life of two years.

The Company reviews finite lived intangible assets for possible impairment whenever events or changes in circumstances indicate that carrying amounts may not be recoverable.

As of June 30, 2015 and December 31, 2014, the Company's intangible assets consisted of the following (in thousands):

|   | June 30,<br>2015 | December 31,<br>2014 |
|---|------------------|----------------------|
| Customer relationship intangible assets | \$<br>1,596,581  | \$<br>1,596,581      |

|   | \$<br>959,937    | \$<br>1,034,692      |

Customer portfolios and related assets acquired during the six months ended June 30, 2015 have a weighted-average amortization period of 4.9 years. Amortization expense on intangible assets for the three months ended June 30, 2015 and 2014 was \$49.6 million and \$71.6 million, respectively. Amortization expense on intangible assets for the six months ended June 30,

2015 and 2014 was \$98.8 million and \$105.0 million, respectively. For the three and six months ended June 30, 2014, intangible amortization expense included a \$34.3 million charge related to the phasing out of a trade name.

The estimated amortization expense of intangible assets for the next five years is as follows (in thousands):

| Six months ending December 31, 2015 | \$<br>100,755 |
|-------------------------------------|---------------|
| 2016                                | 190,415       |

### 4. LONG-TERM DEBT

As of June 30, 2015 and December 31, 2014, the Company's debt consisted of the following:

|   | June 30,<br>2015 | December 31,<br>2014 |           |  |  |
|---|------------------|----------------------|-----------|--|--|

#### 2014 Debt Refinancing

On June 13, 2014, Vantiv, LLC completed a debt refinancing by entering into an amended and restated loan agreement ("Amended Loan Agreement"). The Amended Loan Agreement provides for senior secured credit facilities comprised of a \$2.05 billion term A loan, a \$1.4 billion term B loan and a \$425 million revolving credit facility. Proceeds from the refinancing were primarily used to fund the Mercury acquisition and repay the prior term A loan with an outstanding balance of approximately \$1.8 billion as of the date of refinancing. The prior revolving credit facility was also terminated. The maturity date and debt service requirements relating to the new term A and term B loans are listed in the table above. The new revolving credit facility matures in June 2019 and includes a \$100 million swing line facility and a \$40 million letter of credit facility. The commitment fee rate for the unused portion of the revolving credit facility is 0.375% per year. There were no outstanding borrowings on the revolving credit facility at June 30, 2015.

As of June 30, 2015 and December 31, 2014, Fifth Third held \$196.7 million and \$201.9 million, respectively, of the term A loans.

On January 6, 2015, the Company made an early principal payment of \$200 million on the term B loan. The Company expensed approximately \$1.8 million in non-operating expenses related to the write-off of deferred financing fees and OID in connection with the early principal payment.

#### **Guarantees and Security**

The Company's debt obligations at June 30, 2015 are unconditional and are guaranteed by Vantiv Holding and certain of Vantiv Holding's existing and subsequently acquired or organized domestic subsidiaries. The refinanced debt and related guarantees are secured on a first-priority basis (subject to liens permitted under the Amended Loan Agreement) by substantially all the capital stock (subject to a 65% limitation on pledges of capital stock of foreign subsidiaries and domestic holding companies of foreign subsidiaries) and personal property of Vantiv Holding and any obligors as well as any real property in excess of \$10 million in the aggregate held by Vantiv Holding or any obligors (other than Vantiv Holding), subject to certain exceptions.

#### Covenants

There are certain financial and non-financial covenants contained in the Amended Loan Agreement for the refinanced debt, which are tested on a quarterly basis. The financial covenants require maintenance of certain leverage and interest coverage ratios. At June 30, 2015, the Company was in compliance with these financial covenants.

#### 5. DERIVATIVES AND HEDGING ACTIVITIES

## **Risk Management Objective of Using Derivatives**

The Company enters into derivative financial instruments to manage differences in the amount, timing and duration of its known or expected cash payments related to its variable-rate debt. As of June 30, 2015 and December 31, 2014, the Company's derivative instruments consisted of interest rate swaps, which hedged the variable rate debt by converting floating-rate payments to fixed-rate payments. These swaps are designated as cash flow hedges for accounting purposes.

#### Accounting for Derivative Instruments

The Company recognizes derivatives in other current and non-current assets or liabilities in the accompanying consolidated statements of financial position at their fair values. Refer to Note 8 - Fair Value Measurements for a detailed discussion of the fair value of its derivatives. The Company designates its interest rate swaps as cash flow hedges of forecasted interest rate payments related to its variable-rate debt.

The Company formally documents all relationships between hedging instruments and underlying hedged transactions, as well as its risk management objective and strategy for undertaking hedge transactions. This process includes linking all derivatives that are designated as cash flow hedges to forecasted transactions. A formal assessment of hedge effectiveness is performed both at inception of the hedge and on an ongoing basis to determine whether the hedge is highly effective in offsetting changes in cash flows of the underlying hedged item. Hedge effectiveness is assessed using a regression analysis. If it is determined that a derivative ceases to be highly effective during the term of the hedge, the Company will discontinue hedge accounting for such derivative.

The Company's interest rate swaps qualify for hedge accounting under ASC 815, *Derivatives and Hedging*. Therefore, the effective portion of changes in fair value were recorded in AOCI and will be reclassified into earnings in the same period during which the hedged transactions affected earnings.

#### Cash Flow Hedges of Interest Rate Risk

The Company's objectives in using interest rate derivatives are to add stability to interest expense and to manage its exposure to interest rate movements. To accomplish these objectives, the Company uses interest rate swaps as part of its interest rate risk management strategy. As of June 30, 2015, the Company had a total of 14 outstanding interest rate swaps that were designated as cash flow hedges of interest rate risk. Of the 14 outstanding interest rate swaps, 8 of them cover an exposure period from June 2015 through June 2017 and have a combined notional balance of \$1.2 billion (amortizing to \$1.1 billion). The remaining 6 interest rate swaps cover an exposure period from January 2016 through January 2019 and have a combined notional balance of \$500 million. Fifth Third is the counterparty to 5 of the 14 outstanding interest rate swaps with notional balances ranging from \$293.8 million to \$250.0 million.

The Company does not offset derivative positions in the accompanying consolidated financial statements. The table below presents the fair value of the Company's derivative financial instruments designated as cash flow hedges included within the accompanying consolidated statements of financial position (in thousands):

|                     | Consolidated Statement of<br>Financial Position Location | June 30, 2015 | December 31, 2014 |
|---------------------|--|---------------|-------------------|

Any ineffectiveness associated with such derivative instruments will be recorded immediately as interest expense in the accompanying consolidated statements of income. As of June 30, 2015, the Company estimates that \$8.6 million will be reclassified from accumulated other comprehensive income as an increase to interest expense during the next 12 months.

The table below presents the effect of the Company's interest rate swaps on the accompanying consolidated statements of income for the three months and six months ended June 30, 2015 and 2014 (in thousands):

(1) "OCI" represents other comprehensive income.

(2) Amount represents hedge ineffectiveness and is recorded as a component of interest expense-net in the accompanying consolidated statement of income.

#### Credit Risk Related Contingent Features

The Company has agreements with each of its derivative counterparties that contain a provision where if the Company defaults on any of its indebtedness, then the Company could also be declared in default on its derivative obligations.

As of June 30, 2015, the fair value of derivatives in a net liability position, which includes accrued interest but excludes any adjustment for nonperformance risk, related to these agreements was \$19.6 million. As of June 30, 2015, the Company has not posted any collateral related to these agreements. If the Company had breached any of these provisions at June 30, 2015, it could have been required to settle its obligations under the agreements at their termination value of \$19.6 million.

## 6. CONTROLLING AND NON-CONTROLLING INTERESTS

The Company has various non-controlling interests that are accounted for in accordance with ASC 810, *Consolidation* ("ASC 810"). As discussed in Note 1 - Basis of Presentation and Summary of Significant Accounting Policies, Vantiv, Inc. owns a controlling interest in Vantiv Holding, and therefore consolidates the financial results of Vantiv Holding and its subsidiaries and records non-controlling interest for the economic interests in Vantiv Holding held by Fifth Third. In addition, the Company and People's United Bank ("PUB") formed People's United Merchant Services ("PUMS") during May 2014, which represents a joint venture that provides customers a comprehensive suite of payment solutions. Vantiv Holding owns 51% of PUMS and PUB owns 49%. PUMS is consolidated by the Company in accordance with ASC 810 and records non-controlling interest for the economic interests in PUMS held by PUB.

As of June 30, 2015, Vantiv, Inc.'s interest in Vantiv Holding was 77.25%. Changes in units and related ownership interest in Vantiv Holding are summarized as follows:

|                          | Vantiv, Inc. | Fifth Third | Total       |
|--------------------------|--------------|-------------|-------------|

(a) Includes stock issued under the equity plans less Class A common stock withheld to satisfy employee tax withholding obligations upon vesting or exercise of employee equity awards and forfeitures of restricted Class A common stock awards.

As a result of changes in ownership interests in Vantiv Holding, adjustments of \$2.7 million and \$52.8 million were recognized during the six months ended June 30, 2015 and June 30, 2014, respectively, in order to reflect the portion of net assets of Vantiv Holding attributable to non-controlling unit holders based on changes in the proportionate ownership interests in Vantiv Holding during those periods.

The table below provides a reconciliation of net income attributable to non-controlling interests based on relative ownership interests as discussed above (in thousands):

<sup>(</sup>a) Primarily represents income tax expense related to Vantiv, Inc.

In connection with the separation from Fifth Third, Fifth Third received a warrant that allows for the purchase of up to 20.4 million Class C Non-Voting Units of Vantiv Holding. The warrant is exercisable, in whole or in part, and from time to time, but not during a restricted period. A restricted period means a period during which Vantiv Holding (or any successor thereto) is treated as a partnership for U.S. federal income tax purposes; provided that the restricted period shall terminate upon the earlier of (i) a change of control, and (ii) in the event Vantiv, Inc. is no longer a public company owning Vantiv Holding, both as defined in the warrant agreement. The warrant expires upon the earliest to occur of the 20th anniversary of the issue date or a change of control where the price paid per unit in such change of control minus the exercise price of the warrant is less than zero. Fifth Third is entitled to purchase the underlying Units of the warrant at a price of \$15.98 per unit. The warrant was valued at approximately \$65.4 million at June 30, 2009, the issuance date, using a Black-Scholes option valuation model using probability weighted scenarios. The warrant is recorded as a component of the non-controlling interest on the accompanying statements of financial position as of June 30, 2015 and December 31, 2014.

<sup>(</sup>b) Net income attributable to non-controlling interests of Fifth Third reflects the allocation of Vantiv Holding's net income based on the proportionate ownership interests in Vantiv Holding held by the non-controlling unit holders. The net income attributable to non-controlling unit holders reflects the changes in ownership interests summarized in the table above.

<sup>(</sup>c) Reflects net income attributable to the non-controlling interest of PUMS.

## 7. COMMITMENTS, CONTINGENCIES AND GUARANTEES

#### Legal Reserve

From time to time, the Company is involved in various litigation matters arising in the ordinary course of its business. While it is impossible to ascertain the ultimate resolution or range of financial liability with respect to these contingent matters, management believes none of these matters, either individually or in the aggregate, would have a material effect upon the Company's consolidated financial statements.

## 8. FAIR VALUE MEASUREMENTS

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company uses the hierarchy prescribed in ASC 820, *Fair Value Measurement*, based upon the available inputs to the valuation and the degree to which they are observable or not observable in the market. The three levels in the hierarchy are as follows:

- Level 1 Inputs—Quoted prices (unadjusted) for identical assets or liabilities in active markets that are accessible as of the measurement date.
- *Level 2 Inputs*—Inputs other than quoted prices within Level 1 that are observable either directly or indirectly, including but not limited to quoted prices in markets that are not active, quoted prices in active markets for similar assets or liabilities and observable inputs other than quoted prices such as interest rates or yield curves.
- *Level 3 Inputs*—Unobservable inputs reflecting the Company's own assumptions about the assumptions that market participants would use in pricing the asset or liability, including assumptions about risk.

The following table summarizes assets and liabilities measured at fair value on a recurring basis as of June 30, 2015 and December 31, 2014 (in thousands):

The following table summarizes carrying amounts and estimated fair values for financial assets and liabilities, excluding assets and liabilities measured at fair value on a recurring basis, as of June 30, 2015 and December 31, 2014 (in thousands):

|              | June                          | 30, 201 | 5         | Decembe                | er 31, 2 | 014        |

| Note payable | \$<br>3,136,981               | \$      | 3,130,440 | \$<br>3,393,738        | \$       | 3,310,181  |

We consider that the carrying value of cash and cash equivalents, receivables, accounts payable and accrued expenses approximates fair value (Level 1) given the short-term nature of these items. The fair value of the Company's note payable was estimated based on rates currently available to the Company for bank loans with similar terms and maturities and is classified in Level 2 of the fair value hierarchy.

### **Interest Rate Swaps**

The Company uses interest rate swaps to manage interest rate risk. The fair value of interest rate swaps are determined using the market standard methodology of netting the discounted future fixed cash receipts (or payments) and the discounted

expected variable cash payments (or receipts). The variable cash payments (or receipts) are based on the expectation of future interest rates (forward curves) derived from observed market interest rate curves. In addition, to comply with the provisions of ASC 820, *Fair Value Measurements*, credit valuation adjustments, which consider the impact of any credit enhancements to the contracts, are incorporated in the fair values to account for potential nonperformance risk. In adjusting the fair value of its interest rate swaps for the effect of nonperformance risk, the Company has considered any applicable credit enhancements such as collateral postings, thresholds, mutual puts, and guarantees.

Although the Company determined that the majority of the inputs used to value its interest rate swaps fell within Level 2 of the fair value hierarchy, the credit valuation adjustments associated with its interest rate swaps utilized Level 3 inputs, such as estimates of current credit spreads to evaluate the likelihood of default by itself and its counterparties. However, as of June 30, 2015 and December 31, 2014, the Company assessed the significance of the impact of the credit valuation adjustments on the overall valuation of its interest rate swaps and determined that the credit valuation adjustment was not significant to the overall valuation of its interest rate swaps. As a result, the Company classified its interest rate swap valuations in Level 2 of the fair value hierarchy. See Note 5 - Derivatives and Hedging Activities for further discussion of the Company's interest rate swaps.

#### Mercury TRA

The Mercury TRA is considered contingent consideration as it is part of the consideration payable to the former owners of Mercury. Such contingent consideration is measured at fair value and is based on significant inputs not observable in the market, which is classified in Level 3 of the fair value hierarchy. The Mercury TRA is recorded at fair value based on estimates of discounted future cash flows associated with the estimated payments to the Mercury TRA Holders. The significant unobservable inputs used in the fair value measurement of the Mercury TRA are the discount rate, projections of Mercury taxable income and effective tax rates for Mercury. Significant increases (decreases) in any of those inputs in isolation would result in a significantly lower (higher) fair value measurement. The liability recorded is re-measured at fair value at each reporting period with the change in fair value recognized in earnings as a non-operating expense. The Company recorded non-operating expenses of \$6.7 million and \$1.2 million related to the change in fair value during the three months ended June 30, 2015 and 2014, respectively. The Company recorded non-operating expenses of \$13.7 million and \$1.2 million related to the change in fair value during the six months ended June 30, 2015 and 2014, respectively. See Note 12 - Subsequent Event for discussion of the Repurchase Addendum to the Mercury TRA executed as of July 24, 2015 and Note 1 - Basis of Presentation and Summary of Significant Accounting Policies for further discussion of the Mercury TRA.

#### 9. NET INCOME PER SHARE

Basic net income per share is calculated by dividing net income attributable to Vantiv, Inc. by the weighted-average shares of Class A common stock outstanding during the period.

Diluted net income per share is calculated assuming that Vantiv Holding is a wholly-owned subsidiary of Vantiv, Inc., therefore eliminating the impact of Fifth Third's non-controlling interest. Pursuant to the Exchange Agreement, the Class B units of Vantiv Holding ("Class B units"), which are held by Fifth Third and represent the non-controlling interest in Vantiv Holding, are convertible into shares of Class A common stock on a one-for-one basis. Based on this conversion feature, diluted net income per share is calculated assuming the conversion of the Class B units on an "if-converted" basis. Due to the Company's structure as a C corporation and Vantiv Holding's structure as a pass-through entity for tax purposes, the numerator in the calculation of diluted net income per share is adjusted accordingly to reflect the Company's income tax expense assuming the conversion of the Fifth Third non-controlling interest into Class A common stock. The adjusted effective tax rate used in the calculation was 36.0% for 2015 and 36.5% for 2014. As of June 30, 2015 and 2014, there were approximately 43.0 million Class B units outstanding. During the three and six months ended June 30, 2014, approximately 47.0 million and 47.9 million Class B units, respectively, of Vantiv Holding were excluded in computing diluted net income per share because including them would have an antidilutive effect. As the Class B units of Vantiv Holding were not included, the numerator used in the calculation of diluted net income per share was equal to the numerator used in the calculation of basic net income per share. Additionally, due to the net loss for the three months ended June 30, 2014, any remaining potentially dilutive securities were also excluded from the denominator in computing diluted net income per share.

In addition to the Class B units discussed above, potentially dilutive securities during the three and six months ended June 30, 2015 and 2014 included restricted stock awards, the warrant held by Fifth Third which allows for the purchase of Class C units of Vantiv Holding, stock options and performance share awards.

The shares of Class B common stock do not share in the earnings or losses of the Company and are therefore not participating securities. Accordingly, basic and diluted net income per share of Class B common stock has not been presented.

The following table sets forth the computation of basic and diluted net income per share (in thousands, except share data):

## **11. SEGMENT INFORMATION**

Segment operating results are presented below (in thousands). The results reflect revenues and expenses directly related to each segment. The Company does not evaluate performance or allocate resources based on segment asset data, and therefore such information is not presented.

Segment profit reflects total revenue less network fees and other costs and sales and marketing costs of the segment. The Company's CODM evaluates this metric in analyzing the results of operations for each segment.

#### **12. SUBSEQUENT EVENT**

As of July 24, 2015, the Company entered into a Repurchase Addendum to Tax Receivable Agreement (the "TRA Addendum") with each of the Mercury TRA Holders. Pursuant to the terms of the TRA Addendum, the Company has terminated and settled in full a portion of its obligations under the Mercury TRA, in consideration for a cash payment of \$44.8 million that was paid on a pro rata basis to the Mercury TRA Holders.

Under the terms of the TRA Addendum, beginning December 1st of each of 2015, 2016, 2017, and 2018, and ending June 30th of 2016, 2017, 2018, and 2019, respectively, the Company is granted call options (collectively, the "Call Options") pursuant to which certain additional obligations of the Company under the Mercury TRA would be terminated in consideration for cash payments of \$41.4 million, \$38.1 million, \$38.0 million, and \$43.0 million, respectively.

Under the terms of the TRA Addendum, if the Company does not exercise the relevant Call Option, the Mercury TRA Holders are granted put options beginning July 10th and ending July 25th of each of 2016, 2017, 2018, and 2019, respectively (collectively, the "Put Options"), pursuant to which certain additional obligations of the Company would be terminated in consideration for cash payments with similar amounts to the Call Options.

Except to the extent the Company's obligations under the Mercury TRA have been terminated and settled in full in accordance with the terms of the TRA Addendum, the Mercury TRA will remain in effect, and the parties thereto will continue to have all rights and obligations thereunder.

The Company's President, Integrated Payments, is a Mercury TRA Holder. Pursuant to the initial payment under the TRA Addendum, this individual is entitled to receive an aggregate of \$0.6 million, and could receive as much as an additional \$2.2 million with respect to payments made pursuant to the TRA Addendum.

## Vantiv, Inc. MANAGEMENT'S DISCUSSION AND ANALYSIS

#### Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

This management's discussion and analysis provides a review of the results of operations, financial condition and liquidity and capital resources of Vantiv, Inc. ("Vantiv,", "we", "us", "our", or the "company" refer to Vantiv, Inc. and its consolidated subsidiaries) and outlines the factors that affected recent results, as well as factors that may affect future results. Our actual results in the future may differ materially from those anticipated in these forward looking statements as a result of many factors, including those set forth under "Risk Factors," "Forward Looking Statements" and elsewhere in this report, as well as in our 10-K filed with the SEC on February 12, 2015. The following discussion should be read in conjunction with our unaudited consolidated financial statements and related notes appearing elsewhere in this report, as well as management's discussion and analysis and consolidated financial statements for the year ended December 31, 2014 included in our most recent Annual Report on Form 10-K.

#### General

We are the second largest merchant acquirer and the largest PIN debit acquirer by transaction volume, according to the Nilson Report, and a leading payment processor in the United States differentiated by our integrated technology platform, breadth of distribution and superior cost structure. Our integrated technology platform enables us to efficiently provide a comprehensive suite of services to both merchants and financial institutions of all sizes as well as to innovate, develop and deploy new services, while providing us with significant economies of scale. Our broad and varied distribution provides us with a growing and diverse client base of merchants and financial institutions.

We offer a broad suite of payment processing services that enable our clients to meet their payment processing needs through a single provider, including in omni-channel environments that span point-of-sale, ecommerce and mobile devices. We enable merchants of all sizes to accept and process credit, debit and prepaid payments and provide them supporting value-added services, such as security solutions and fraud management, information solutions, and interchange management. We also provide mission critical payment services to financial institutions, such as card issuer processing, payment network processing, fraud protection, card production, prepaid program management, ATM driving and network gateway and switching services that utilize our proprietary Jeanie PIN debit payment network.

Our integrated technology platform provides our merchant and financial institution clients with differentiated payment processing solutions and provides us with significant strategic and operational benefits. Our clients access our processing solutions primarily through a single point of service, which is easy to use and enables our clients to acquire additional services as their business needs evolve. Small and mid-sized merchants are able to easily connect to our integrated technology platform using our application process interfaces, or APIs, software development kits, or SDKs, and other tools we make available to technology partners, which we believe enhances our capacity to sell to such merchants. Our integrated technology platform allows us to collect, manage and analyze data across both our Merchant Services and our Financial Institution Services segments that we can then package into information solutions for our clients. It provides insight into market trends and opportunities as they emerge, which enhances our ability to innovate and develop new value-added services, including security solutions and fraud management, and it allows us to easily deploy new solutions that span the payment processing value chain, such as ecommerce and mobile services, which are high growth market opportunities. It is highly scalable, which enables us to efficiently manage, update and maintain our technology, increase capacity and speed, and realize significant operating leverage. We believe our integrated technology platform is a key differentiator from payment processors that operate on multiple technology platforms and provides us with a significant competitive advantage.

We distribute our services through multiple sales channels that enable us to efficiently and effectively target a broad range of merchants and financial institutions. Our sales channels include direct and indirect sales forces as well as referral partner relationships, which provide us with a growing and diverse client base. We have a national sales force that targets financial institutions and large national merchants, a regional and mid-market sales team that sell solutions to merchants and third-party reseller clients and a telesales operation that targets small and mid-sized merchants. Our indirect sales force includes Independent Sales Organizations, or ISOs, that target small and mid-sized merchants. We have referral partner relationships with merchant banks, independent software vendors, or ISVs, value-added resellers, or VARs, payment facilitators, and trade associations that target a broad range of merchants, including difficult to reach small and mid-sized merchants. We also have relationships with third-party reseller partners and arrangements with core processors that target small and mid-sized financial institutions.

#### **Executive Overview**

Revenue for the three months ended June 30, 2015 increased 29% to \$786.0 million from \$608.7 million in 2014. Revenue for the six months ended June 30, 2015 increased 30% to \$1,491.6 million from \$1,146.3 million in 2014.

Income from operations for the three months ended June 30, 2015 increased 135% to \$109.5 million from \$46.5 million in 2014. Income from operations for the six months ended June 30, 2015 increased 61% to \$183.5 million from \$113.8 million in 2014.

Net income for the three months ended June 30, 2015 increased to \$52.7 million from \$3.3 million in 2014. Net income attributable to Vantiv, Inc. for the three months ended June 30, 2015 increased to \$36.5 million from a loss of \$1.4 million in 2014. Net income for the six months ended June 30, 2015 increased to \$79.7 million from \$44.4 million in 2014. Net income attributable to Vantiv, Inc. for the six months ended June 30, 2015 increased to \$55.5 million from \$26.7 million in 2014. See the "Results of Operations" section of this management's discussion and analysis for a discussion of our financial results.

In February 2014, our board of directors authorized a program to repurchase up to \$300 million of our Class A common stock. We have approximately \$275 million of share repurchase authority remaining as of June 30, 2015 under this authorization.

On June 13, 2014, Vantiv, LLC completed a debt refinancing by entering into an amended and restated loan agreement, or Amended Loan Agreement. The Amended Loan Agreement provides for senior secured credit facilities comprised of a \$2.05 billion term A loan maturing in June 2019, a \$1.4 billion term B loan maturing in June 2021 and a \$425 million revolving credit facility that matures in June 2019. Proceeds from the refinancing were primarily used to fund the acquisition of Mercury Payment Systems, LLC, or Mercury, as further discussed below, and repay the prior term A loan with an outstanding balance of approximately \$1.8 billion. On January 6, 2015, we made an early principal payment of \$200 million on the term B loan.

As of July 24, 2015, we entered into a Repurchase Addendum to Tax Receivable Agreement (the "TRA Addendum") with each of the Mercury TRA Holders. Pursuant to the terms of the TRA Addendum, we terminated and settled in full a portion of our obligations under the Mercury TRA, in consideration for a cash payment of \$44.8 million that was paid on a pro rata basis to the Mercury TRA Holders.

Under the terms of the TRA Addendum, beginning December 1st of each of 2015, 2016, 2017, and 2018, and ending June 30th of 2016, 2017, 2018, and 2019, respectively, we are granted call options (collectively, the "Call Options") pursuant to which certain of our additional obligations under the Mercury TRA would be terminated in consideration for cash payments of \$41.4 million, \$38.1 million, \$38.0 million, and \$43.0 million, respectively.

Under the terms of the TRA Addendum, if we do not exercise the relevant Call Option, the Mercury TRA Holders are granted put options beginning July 10th and ending July 25th of each of 2016, 2017, 2018, and 2019, respectively (collectively, the "Put Options"), pursuant to which certain of our additional obligations would be terminated in consideration for cash payments with similar amounts to the Call Options.

Except to the extent our obligations under the Mercury TRA have been terminated and settled in full in accordance with the terms of the TRA Addendum, the Mercury TRA will remain in effect, and the parties thereto will continue to have all rights and obligations thereunder.

Our President, Integrated Payments, is a Mercury TRA Holder. Pursuant to the initial payment under the TRA Addendum, this individual is entitled to receive an aggregate of \$0.6 million, and could receive as much as an additional \$2.2 million with respect to payments made pursuant to the TRA Addendum. See Note 1 of Part I, Item 1 for additional information about the Mercury TRA.

## **Recent Acquisitions**

On June 13, 2014, we acquired Mercury for approximately \$1.68 billion in cash and \$192.5 million in contingent consideration related to a tax receivable agreement, or Mercury TRA, entered into with pre-acquisition owners of Mercury, or Mercury TRA Holders, in connection with the Mercury acquisition. We funded the acquisition by borrowing an additional \$1.7 billion through an amendment and refinancing of our senior secured credit facilities as discussed above. Mercury is a payment technology and service leader whose solutions are integrated into point-of-sale software applications and brought to market through dealer and developer partners. This acquisition helps to accelerate our growth in the integrated payments channel. The operations of Mercury are included in our Merchant Services segment operating results.

#### **Our Segments, Revenue and Expenses**

#### Segments

We report our results of operations in two segments, Merchant Services and Financial Institution Services. We evaluate segment performance based upon segment profit, which is defined as net revenue, which represents total revenue less network fees and other costs, less sales and marketing expense attributable to that segment.

#### **Merchant Services**

We provide a comprehensive suite of payment processing services to our merchant services clients. We authorize, clear, settle and provide reporting for electronic payment transactions, as further discussed below. Our merchant client base includes over 600,000 merchant locations across the United States and is heavily-weighted in non-discretionary everyday spend categories where spending has generally been more resilient during economic downturns.

Acquiring and Processing. We provide merchants with a broad range of credit, debit and prepaid payment processing services. We give them the ability to accept and process Visa, MasterCard, American Express, Discover and PIN debit network card transactions originated at the point of sale as well as for ecommerce and mobile transactions. This service includes all aspects of card processing, including authorization and settlement, customer service, chargeback and retrieval processing and network fee and interchange management.

*Value-added Services.* We offer value-added services that help our clients operate and manage their businesses including omni-channel acceptance, prepaid services and gift card solutions. We also provide security solutions such as point-to-point encryption and tokenization both at the point of sale and for ecommerce transactions.

We provide our services to merchants of varying sizes, which provides us with a number of key benefits. Due to the large transaction volume that they generate, large national merchants provide us with significant operating scale efficiencies and recurring revenues. Small and mid-sized merchants are more difficult to reach on an individual basis, but generatly generate higher per transaction fees.

We distribute our comprehensive suite of services to a broad range of merchants through multiple sales channels, as further described below.

- *Direct:* Includes a national sales force that targets large national merchants, a regional and mid-market sales team that sells solutions to merchants and third party reseller clients, and a telesales operation that targets small and mid-sized merchants.
- Indirect: Includes ISOs that target small and mid-sized merchants.
- *Merchant Bank:* Includes referral partner relationships with financial institutions that target their financial services customers as merchant referrals to us.
- *Integrated Payments, or IP:* Includes referral partner relationships with ISVs, VARs, and payment facilitators that target their technology customers as merchant referrals to us.
- *eCommerce:* Includes a sales force that targets internet retail, online services and direct marketing merchants.

These sales channels utilize multiple strategies and leverage relationships with referral partners that sell our business solutions to small and midsized merchants. We believe our sales structure provides us with broad geographic coverage and access to various industries and verticals.

## **Financial Institution Services**

We provide integrated card issuer processing, payment network processing and value-added services to our financial institution services clients, as further discussed below. Our financial institution client base is generally well diversified and includes approximately 1,400 financial institutions, including regional banks, community banks, credit unions and regional PIN debit networks. We generally focus on small to mid-sized financial institutions with less than \$15 billion in assets. Smaller financial institutions generally do not have the scale or infrastructure typical of large financial institutions and are more likely to outsource payment processing needs. We provide a turnkey solution to such institutions to enable them to offer payment processing solutions.

Integrated Card Issuer and Processing. We process and service credit, debit, ATM and prepaid transactions. We process and provide statement production, collections and inbound/outbound call centers. Our card processing solution includes processing and other services such as card portfolio analytics, program strategy and support, fraud and security management and chargeback and dispute services. We also offer processing for specialized accounts, such as business cards, home equity lines of credit and health savings accounts. We provide authorization support in the form of online or batch settlement, as well as real-time transaction research capability and archiving and daily and monthly cardholder reports for statistical analysis. Our call center handles inbound and outbound calls and billing issues for customers of our financial institution clients.

*Value-added Services.* We provide additional services to our financial institution clients that complement our issuing and processing services. These services include fraud protection, card production, prepaid cards, ATM driving, portfolio optimization, data analytics and card program marketing. We also provide network gateway and switching services that utilize our Jeanie PIN network. Our Jeanie network offers real-time electronic payment, network bill payment, single point settlement, shared deposit taking and customer select PINs.

We distribute our financial institution services by utilizing direct sales forces as well as a diverse group of referral partner relationships. These sales channels utilize multiple strategies and leverage relationships with core processors that sell our solutions to small and mid-sized financial institutions.

#### Revenue

We generate revenue primarily by processing electronic payment transactions. Set forth below is a description of our revenues by segment and factors impacting segment revenues.

Our Merchant Services segment revenues are primarily derived from processing credit and debit card transactions. Merchant Services revenue is primarily comprised of fees charged to businesses, net of interchange fees, for payment processing services, including authorization, capture, clearing, settlement and information reporting of electronic transactions. The fees charged consist of either a percentage of the dollar volume of the transaction or a fixed fee, or both, and are recognized at the time of the transaction. Merchant Services revenue also includes a number of revenue items that are incurred by us and are reimbursable as the costs are passed through to and paid by our clients. These items primarily consist of Visa, MasterCard and other payment network fees. In addition, for sales through referral partners in which we are the primary party to the contract with the merchant, we record the full amount of the fees collected from the merchant as revenue. Associated residual payments made to referral partners are included in sales and marketing expenses. Merchant Services revenue also includes revenue from ancillary services such as fraud management, equipment sales and terminal rent. Revenue in our Merchant Services segment is impacted primarily by transaction volume, average transaction size, the mix of merchant types in our client portfolio, the performance of our merchant clients and the effectiveness of our distribution channels.

Our Financial Institution Services revenues are primarily derived from debit, credit and ATM card transaction processing, ATM driving and support, and PIN debit processing services. Financial Institution Services revenue associated with processing transactions includes per transaction and account related fees, card production fees and fees generated from our Jeanie network. Financial Institution Services revenue is impacted by the number of financial institutions using our services as well as their transaction volume. The number of financial institutions in the United States has declined as a result of prevailing economic conditions and consolidation, as well as other market and regulatory pressures. These factors have contributed to industry-wide pricing compression of the fees that financial institutions are willing to pay for payment processing. Since 2011, pricing compression in the Financial Institution Services segment has represented on average 3% or less of segment net revenue on an annual basis.

#### Network Fees and Other Costs

Network fees and other costs primarily consist of certain expenses incurred by us in connection with providing processing services to our clients which we pass through to our clients, including Visa and MasterCard network association fees, payment network fees, third party processing expenses, telecommunication charges, postage and card production costs.

#### Net Revenue

Net revenue is revenue, less network fees and other costs and reflects revenue generated from the services we provide to our clients. Management uses net revenue to assess our operating performance. We believe that net revenue, when reviewed together with revenue, is meaningful to our investors in order to understand our performance.

#### Expenses

Set forth below is a brief description of the components of our expenses, aside from the network fees and other costs discussed above:

- Sales and marketing expense primarily consists of salaries and benefits paid to sales personnel, sales management and other sales and marketing personnel, residual payments made to ISOs and referral partners, and advertising and promotional costs.
- Other operating costs primarily consist of salaries and benefits paid to operational and IT personnel, costs associated with operating our technology platform and data centers, information technology costs for processing transactions, product development costs, software consulting fees and maintenance costs.
- General and administrative expenses primarily consist of salaries and benefits paid to executive management and administrative employees, including finance, human resources, product development, legal and risk management, share-based compensation costs, equipment and occupancy costs and consulting costs.
- Depreciation and amortization expense consists of our depreciation expense related to investments in property, equipment and software as well
  as our amortization of intangible assets, principally customer relationships acquired in connection with the acquisition of a majority interest in
  Vantiv Holding in June 2009 and our subsequent acquisitions.
- *Interest expense—net* consists primarily of interest on borrowings under our senior secured credit facilities less interest income earned on our cash and cash equivalents.
- Income tax expense represents federal, state and local taxes based on income in multiple jurisdictions.
- *Non-operating expenses* during the three months and six months ended June 30, 2015 primarily relate to the change in fair value of the Mercury TRA entered into in June 2014. The amounts for the three months and six months ended June 30, 2014 relate to the refinancing of the Company's senior secured credit facilities and the change in fair value of the Mercury TRA.

### **Non-Controlling Interest**

As a result of the non-controlling ownership interests in Vantiv Holding held by Fifth Third, our results of operations include net income attributable to non-controlling interests. Future sales or redemptions of ownership interests in Vantiv Holding by Fifth Third will continue to reduce the amount recorded as non-controlling interest and increase net earnings attributable to our Class A stockholders. In addition, net income attributable to non-controlling interest in the People's United Merchant Services, or PUMS, joint venture held by People's United Bank, or PUB. Net income attributable to non-controlling interests for the three months ended June 30, 2015 and 2014 was \$16.2 million and \$4.7 million, respectively. Net income attributable to non-controlling interests for the six months ended June 30, 2015 and 2014 was \$24.2 million and \$17.7 million, respectively.

#### Factors and Trends Impacting Our Business and Results of Operations

We expect a number of factors will impact our business, results of operations and financial condition. In general, our revenue is impacted by the number and dollar volume of card based transactions which in turn are impacted by general

economic conditions, consumer spending and the emergence of new technologies and payment types, such as ecommerce, mobile payments, and prepaid cards. In our Merchant Services segment, our net revenues are impacted by the mix of the size of merchants that we provide services to as well as the mix of transaction volume by merchant category. In our Financial Institution Services segment, our net revenues are also impacted by the mix of the size of financial institutions to which we provide services as well as consolidation and market and industry pressures, which have contributed and are expected to continue to contribute to pricing compression of payment processing fees in this segment. See "Results of Operations" below for a discussion of factors impacting our results in the three months and six months ended June 30, 2015.

#### **Pro Forma Adjusted Net Income**

We use pro forma adjusted net income for financial and operational decision making as a means to evaluate period-to-period comparisons of our performance and results of operations. Pro forma adjusted net income is also incorporated into performance metrics underlying certain share-based payments issued under the 2012 Vantiv, Inc. Equity Incentive Plan and our annual incentive plan. We believe pro forma adjusted net income provides useful information about our performance and operating results, enhances the overall understanding of past financial performance and future prospects and allows for greater transparency with respect to key metrics used by management in its financial and operational decision making.

In calculating pro forma adjusted net income, we make certain non-GAAP adjustments, as well as pro forma adjustments, to adjust our GAAP operating results for the items discussed below. This non-GAAP measure should be considered together with GAAP operating results.

#### Non-GAAP Adjustments

#### Transition, Acquisition and Integration Costs

In connection with our acquisitions, we incurred costs associated with the acquisitions and related integration activities, consisting primarily of consulting fees for advisory, conversion and integration services and related personnel costs. Also included are certain costs associated with our separation from Fifth Third in June 2009. In addition, these expenses include costs related to employee termination benefits and other transition activities. These transition, acquisition and integration costs are included in other operating costs and general and administrative expenses.

#### Share-Based Compensation

We have granted share-based awards to certain employees and members of our board of directors and intend to continue to grant additional sharebased awards in the future. Share-based compensation is included in general and administrative expense.

#### Intangible Amortization Expense

These expenses represent amortization of intangible assets acquired through business combinations and customer portfolio and related asset acquisitions. For the three and six months ended June 30, 2014 intangible amortization expense also included a \$34.3 million charge related to phasing out a trade name.

#### Non-operating Expenses

For the three months ended June 30, 2015, we recorded \$6.7 million within non-operating expenses related to the change in fair value of the Mercury TRA. For the six months ended June 30, 2015, we recorded \$15.5 million within non-operating expenses primarily related to the change in fair value of the Mercury TRA. For the three and six months ended June 30, 2014, we recorded \$27.7 million within non-operating expenses related to the refinancing of our senior secured credit facilities and the change in fair value of the Mercury TRA.

### Pro Forma Adjustments

#### Income Tax Expense Adjustments

Our effective tax rate reported in our results of operations reflects the impact of our non-controlling interest not being taxed at the statutory corporate tax rate. For purposes of calculating pro forma adjusted net income, income tax

expense is adjusted to reflect an effective tax rate assuming conversion of Fifth Third's non-controlling interests into shares of Class A common stock, including the income tax effect of the non-GAAP adjustments described above. The adjusted effective tax rate was 36.0% for 2015 and 36.5% for 2014.

#### Tax Adjustments

In addition to the adjustment described above, income tax expense is also adjusted for the cash tax benefits resulting from certain tax attributes, primarily the amortization of tax intangible assets resulting from or acquired with our acquisitions, the tax basis step up associated with our separation from Fifth Third and the purchase or exchange of Class B units of Vantiv Holding, net of payment obligations under TRAs established at the time of our IPO and in connection with our acquisition of Mercury. The estimate of the cash tax benefits is based on the consistent and highly predictable realization of the underlying tax attributes.

As a result of the TRA Addendum entered into with each of the Mercury TRA Holders discussed above, beginning in the third quarter and with the exercise of each call or put option we will reflect the retention of the cash tax benefits resulting from the realization of the tax attributes underlying the respective TRA in pro forma adjusted net income.

The table below provides a reconciliation of pro forma adjusted net income to GAAP income before applicable income taxes for the three months and six months ended June 30, 2015 and 2014:

# Three Months Ended June 30, 2015 Compared to Three Months Ended June 30, 2014 and Six Months Ended June 30, 2015 Compared to Six Months Ended June 30, 2014

#### Revenue

Revenue increased 29% to \$786.0 million for the three months ended June 30, 2015 from \$608.7 million for the three months ended June 30, 2014. The increase was due primarily to transaction growth of 19%, including the impact of the Mercury acquisition, which expanded our integrated payments channel and contributed to higher revenue per transaction.

Revenue increased 30% to \$1,491.6 million for the six months ended June 30, 2015 from \$1,146.3 million for the six months ended June 30, 2014. The increase was primarily due to transaction growth of 23%, including the impact of the Mercury acquisition, which expanded our integrated payments channel and contributed to higher revenue per transaction.

## Network Fees and Other Costs

Network fees and other costs increased 31% to \$362.3 million for the three months ended June 30, 2015 from \$277.4 million for the three months ended June 30, 2014. The increase was due primarily to transaction growth of 19%, including the impact of the Mercury acquisition, and to a lesser extent an increase in third party processing costs.

Network fees and other costs increased 32% to \$693.5 million for the six months ended June 30, 2015 from \$526.4 million for the six months ended June 30, 2014. The increase was primarily due to transaction growth of 23%, including the impact of the Mercury acquisition, and to a lesser extent an increase in third party processing costs.

#### Net Revenue

Net revenue, which is revenue less network fees and other costs, increased 28% to \$423.6 million for the three months ended June 30, 2015 from \$331.3 million for the three months ended June 30, 2014 due to the factors discussed above.

Net revenue increased 29% to \$798.1 million for the six months ended June 30, 2015 from \$619.9 million for the six months ended June 30, 2014 due to the factors discussed above.

## Sales and Marketing

Sales and marketing expense increased 36% to \$122.9 million for the three months ended June 30, 2015 from \$90.5 million for the three months ended June 30, 2014. The increase was primarily attributable to the Mercury acquisition, higher sales and marketing personnel and related costs and higher residual payments to referral partners as a result of increased revenue.

Sales and marketing expense increased 41% to \$239.0 million for the six months ended June 30, 2015 from \$169.0 million for the six months ended June 30, 2014. The increase was primarily attributable to the Mercury acquisition, higher sales and marketing personnel and related costs and higher residual payments to referral partners as a result of increased revenue.

#### **Other Operating Costs**

Other operating costs increased 35% to \$76.6 million for the three months ended June 30, 2015 from \$56.8 million for the three months ended June 30, 2014. The increase was primarily attributable to the Mercury acquisition and an increase in

information technology infrastructure in support of growth initiatives. Also contributing to the increase was a \$8.6 million increase in acquisition and integration costs.

Other operating costs increased 24% to \$145.3 million for the six months ended June 30, 2015 from \$117.1 million for the six months ended June 30, 2014. The increase was primarily attributable to the Mercury acquisition and an increase in information technology infrastructure in support of growth initiatives. Also contributing to the increase was a \$8.5 million increase in acquisition and integration costs.

#### General and Administrative

General and administrative expenses decreased 3% to \$47.1 million for the three months ended June 30, 2015 from \$48.6 million for the three months ended June 30, 2014. A decrease in acquisition and integration costs and share-based compensation of \$0.3 million and \$6.0 million, respectively, more than offset an increase from the Mercury acquisition and continued investment in our infrastructure in support of growth initiatives.

General and administrative expenses increased 17% to \$94.9 million for the six months ended June 30, 2015 from \$81.2 million for the six months ended June 30, 2014. The increase was primarily attributable to the Mercury acquisition, continued investment in our infrastructure in support of growth initiatives, and an increase in acquisition and integration costs of \$6.8 million.

#### **Depreciation and Amortization**

Depreciation expense associated with our property, equipment and software increased 4% to \$18.1 million for the three months ended June 30, 2015 from \$17.4 million for the three months ended June 30, 2014. The increase during the period reflects depreciation expense associated with increased capital expenditures during the last year largely related to our continued investment in information technology infrastructure in support of growth initiatives, as well as assets acquired in connection with the Mercury acquisition.

Depreciation expense associated with our property, equipment and software increased 8% to \$36.7 million for the six months ended June 30, 2015 from \$33.9 million for the six months ended June 30, 2014. The increase during the period reflects depreciation expense associated with increased capital expenditures during the last year largely related to our continued investment in information technology infrastructure in support of growth initiatives, as well as assets acquired in connection with the Mercury acquisition.

Amortization expense associated with intangible assets, which consist primarily of customer relationship intangible assets, decreased 31% to \$49.6 million for the three months ended June 30, 2015 from \$71.6 million for the three months ended June 30, 2014. The decrease was due primarily to a \$34.3 million charge related to phasing out a trade name in the quarter ending June 30, 2014.

Amortization expense associated with intangible assets, which consist primarily of customer relationship intangible assets, decreased 6% to \$98.8 million for the six months ended June 30, 2015 from \$105.0 million for the six months ended June 30, 2014. A \$34.3 million charge related to phasing out a trade name during the six months ended June 30, 2014 more than offset an increase during the six months ended June 30, 2015 in amortization expense associated with intangible assets acquired in connection with the Mercury acquisition.

#### **Income from Operations**

Income from operations increased 135% to \$109.5 million for the three months ended June 30, 2015 from \$46.5 million for the three months ended June 30, 2014.

Income from operations increased 61% to \$183.5 million for the six months ended June 30, 2015 from \$113.8 million for the six months ended June 30, 2014.

## Interest Expense—Net

Interest expense—net increased to \$25.7 million for the three months ended June 30, 2015 from \$13.5 million for the three months ended June 30, 2014. Interest expense—net increased to \$51.7 million for the six months ended June 30, 2015 from \$24.1 million for the six months ended June 30, 2014. The increase in interest expense—net is primarily attributable to

our June 2014 debt refinancing, which resulted in an increase in the amount of outstanding debt, as well as an increase in the applicable interest rates. The increase in outstanding debt was used to fund the acquisition of Mercury.

## Non-Operating Expenses

Non-operating expenses were \$6.7 million for the three months ended June 30, 2015 relating to the change in fair value of the Mercury TRA entered into in June 2014. For the six months ended June 30, 2015, non-operating expenses were \$15.5 million, which primarily consisted of the change in fair value of the Mercury TRA.

Non-operating expenses were \$27.7 million for the three months and six months ended June 30, 2014, which consisted of a charge related to the refinancing of our senior secured credit facilities and the change in the fair value of the Mercury TRA.

#### **Income Tax Expense**

Income tax expense for the three months ended June 30, 2015 was \$24.3 million compared to \$2.0 million for the three months ended June 30, 2014, reflecting effective rates of 31.6% and 37.9%, respectively. Income tax expense for the six months ended June 30, 2015 was \$36.6 million compared to \$17.6 million for the six months ended June 30, 2014, reflecting effective tax rates of 31.5% and 28.4%, respectively. Our effective rate reflects the impact of our non-controlling interest not being taxed at the statutory corporate tax rates. Further, as our non-controlling interest declines to the point Vantiv Holding is a wholly-owned subsidiary, we expect our effective rate to increase to approximately 36.0%.

We are currently party to TRAs with Fifth Third which obligate us to make payments to Fifth Third equal to 85% of the amount of cash savings, if any, in income taxes that we realize as a result of certain tax basis increases and net operating losses. We retain the remaining 15% of cash savings. As we purchase units of Vantiv Holding from Fifth Third or as Fifth Third exchanges units of Vantiv Holding for cash or shares of Vantiv, Inc. Class A common stock in the future, we expect the associated cash savings and the related TRA liability to increase as a result of additional tax basis increases.

Simultaneously and in connection with the Mercury acquisition, we entered into the Mercury TRA. The Mercury TRA obligates us to make payments to the Mercury TRA Holders equal to 85% of the amount of cash savings, if any, in income taxes that we realize as a result of certain tax basis increases and net operating losses. We retain the remaining 15% of cash savings. Unlike the TRAs with Fifth Third, which are recorded based on the full undiscounted amount of the expected future payments, the Mercury TRA represents contingent consideration relating to an acquired business, which is recorded at fair value for financial reporting purposes.

As of July 24, 2015, we entered into the TRA Addendum with each of the Mercury TRA Holders. Pursuant to the terms of the TRA Addendum, we terminated and settled in full a portion of our obligations under the Mercury TRA, in consideration for a cash payment of \$44.8 million that was paid on a pro rata basis to the Mercury TRA Holders.

Under the terms of the TRA Addendum, beginning December 1st of each of 2015, 2016, 2017, and 2018, and ending June 30th of 2016, 2017, 2018, and 2019, respectively, we are granted Call Options pursuant to which certain of our additional obligations under the Mercury TRA would be terminated in consideration for cash payments of \$41.4 million, \$38.1 million, and \$43.0 million, respectively.

Under the terms of the TRA Addendum, if we do not exercise the relevant Call Option, the Mercury TRA Holders are granted Put Options beginning July 10th and ending July 25th of each of 2016, 2017, 2018, and 2019, respectively, pursuant to which certain of our additional obligations would be terminated in consideration for cash payments with similar amounts to the Call Options.

Except to the extent our obligations under the Mercury TRA have been terminated and settled in full in accordance with the terms of the TRA Addendum, the Mercury TRA will remain in effect, and the parties thereto will continue to have all rights and obligations thereunder.

Our President, Integrated Payments, is a Mercury TRA Holder. Pursuant to the initial payment under the TRA Addendum, this individual is entitled to receive an aggregate of \$0.6 million, and could receive as much as an additional \$2.2 million with respect to payments made pursuant to the TRA Addendum.

Further, as a result, beginning in the third quarter and with the exercise of each call or put option we will reflect the retention of the cash tax benefits resulting from the realization of the tax attributes underlying the respective TRA in pro forma adjusted net income. See Note 1 of Part I, Item 1 for additional information about the Mercury TRA.

In the fourth quarter of 2013, we entered into an agreement to terminate and settle in full our obligations to Advent International Corporation, or Advent, and JPDN Enterprises, LLC, or JPDN, under the TRAs. As a result, the full amount of the cash tax benefits resulting from the realization of the tax attributes underlying the respective TRAs are reflected in pro forma adjusted net income.

During the six months ended June 30, 2015, the cash savings associated with the TRAs discussed above and retained by us were approximately \$18.1 million. The TRAs do not have an impact on our effective tax rate; however, savings retained by us are reflected in pro forma adjusted net income discussed above.

Additionally, as a result of the acquisition of Litle, we generated tax benefits to be recognized over a period of 15 years from the date of the acquisition. During the six months ended June 30, 2015, these benefits were approximately \$5.2 million. This benefit does not have an impact on our effective tax rate; however, these tax benefits are reflected in pro forma adjusted net income discussed above.

#### Net Revenue

Net revenue in this segment increased 37% to \$337.1 million for the three months ended June 30, 2015 from \$245.6 million for the three months ended June 30, 2014. The increase during the three months ended June 30, 2015 was due primarily to transaction growth of 23%, including the impact of the Mercury acquisition, which expanded our integrated payments channel and contributed to higher net revenue per transaction.

Net revenue in this segment increased 39% to \$627.8 million for the six months ended June 30, 2015 from \$450.9 million for the six months ended June 30, 2014. The increase during the six months ended June 30, 2015 was due primarily to transaction growth of 27%, including the impact of the Mercury acquisition, which expanded our integrated payments channel and contributed to higher net revenue per transaction.

## Sales and Marketing

Sales and marketing expense increased 39% to \$116.9 million for the three months ended June 30, 2015 from \$84.0 million for the three months ended June 30, 2014. The increase was primarily attributable to the Mercury acquisition, higher sales and marketing personnel and related costs and higher residual payments to referral partners as a result of increased revenue.

Sales and marketing expense increased 46% to \$227.0 million for the six months ended June 30, 2015 from \$155.8 million for the six months ended June 30, 2014. The increase was primarily attributable to the Mercury acquisition, higher sales and marketing personnel and related costs and higher residual payments to referral partners as a result of increased revenue.

#### Net Revenue

Net revenue in this segment increased slightly to \$86.6 million for the three months ended June 30, 2015 from \$85.8 million for the three months ended June 30, 2014. The slight increase during the three months ended June 30, 2015 was due primarily to an increase in transactions and value-added services revenue. This increase was partially offset by a decrease in net revenue per transaction, which was driven by continued pricing compression and a continuing shift in the mix of our client portfolio, resulting in a lower rate per transaction.

Net revenue in this segment increased slightly to \$170.3 million for the six months ended June 30, 2015 from \$169.0 million for the six months ended June 30, 2014. The slight increase during the six months ended June 30, 2015 was due primarily to an increase in transactions and value-added services revenue. This increase was partially offset by a decrease in net revenue per transaction, which was driven by continued pricing compression and a continuing shift in the mix of our client portfolio, resulting in a lower rate per transaction.

#### Sales and Marketing

Sales and marketing expense decreased \$0.4 million to \$6.1 million for the three months ended June 30, 2015 from \$6.5 million for the three months ended June 30, 2014.

Sales and marketing expense decreased \$1.2 million to \$11.9 million for the six months ended June 30, 2015 from \$13.2 million for the six months ended June 30, 2014.

## Liquidity and Capital Resources

Our liquidity is funded primarily through cash provided by operations, debt and a line of credit, which is generally sufficient to fund our operations, planned capital expenditures, tax distributions made to our non-controlling interest holders, required payments under TRAs, debt service and acquisitions. Payments under the TRAs are determined based on realized cash savings resulting from the underlying tax attributes. Excluding the call and put structure in the TRA Addendum discussed below, a period of declining profitability would result in a corresponding reduction in our TRA payments, thus resulting in the TRA having a minimal effect on our liquidity and capital resources. On January 6, 2015, the Company made an early principal payment of \$200 million on the term B loan. As of June 30, 2015, our principal sources of liquidity consisted of \$400.8 million of cash and cash equivalents and \$425.0 million of availability under the revolving portion of our senior secured credit facilities. Our total indebtedness, including capital leases, was \$3.2 billion as of June 30, 2015.

In February 2014, our board of directors authorized a program to repurchase up to \$300 million of our Class A common stock. We have approximately \$275 million of share repurchase authority remaining as of June 30, 2015 under this authorization. Purchases under the repurchase program are allowed from time to time in the open market, in privately negotiated transactions, or otherwise. The manner, timing, and amount of any purchases are determined by management based on an evaluation of market conditions, stock price, and other factors. The share repurchase program has no expiration date and we may discontinue purchases at any time that management determines additional purchases are not warranted.

As of July 24, 2015, we entered into the TRA Addendum with each of the Mercury TRA Holders. Pursuant to the terms of the TRA Addendum, we terminated and settled in full a portion of our obligations under the Mercury TRA, in consideration for a cash payment of \$44.8 million that was paid on a pro rata basis to the Mercury TRA Holders.

Under the terms of the TRA Addendum, beginning December 1st of each of 2015, 2016, 2017, and 2018, and ending June 30th of 2016, 2017, 2018, and 2019, respectively, we are granted Call Options pursuant to which certain of our additional obligations under the Mercury TRA would be terminated in consideration for cash payments of \$41.4 million, \$38.1 million, \$38.0 million, and \$43.0 million, respectively.

Under the terms of the TRA Addendum, if we do not exercise the relevant Call Option, the Mercury TRA Holders are granted Put Options beginning July 10th and ending July 25th of each of 2016, 2017, 2018, and 2019, respectively, pursuant to which certain of our additional obligations would be terminated in consideration for cash payments with similar amounts to the Call Options.

Except to the extent our obligations under the Mercury TRA have been terminated and settled in full in accordance with the terms of the TRA Addendum, the Mercury TRA will remain in effect, and the parties thereto will continue to have all rights and obligations thereunder.

Our President, Integrated Payments, is a Mercury TRA Holder. Pursuant to the initial payment under the TRA Addendum, this individual is entitled to receive an aggregate of \$0.6 million, and could receive as much as an additional \$2.2 million with respect to payments made pursuant to the TRA Addendum.

We expect this TRA termination to have minimal impact on our liquidity. See Note 1 of Part I, Item 1 for additional information about the Mercury TRA.

In connection with our IPO, we entered into the Exchange Agreement with Fifth Third, under which Fifth Third has the right, from time to time, to exchange their units in Vantiv Holding for shares of our Class A common stock or, at our option, cash. If we choose to satisfy the exchange in cash, we anticipate that we will fund such exchange through cash from operations, funds available under the revolving portion of our senior secured credit facilities, equity financings or a combination thereof.

We do not intend to pay cash dividends on our Class A common stock in the foreseeable future. Vantiv, Inc. is a holding company that does not conduct any business operations of its own. As a result, Vantiv, Inc.'s ability to pay cash dividends on its common stock, if any, is dependent upon cash dividends and distributions and other transfers from Vantiv Holding, which are subject to certain Fifth Third consent rights in the Amended and Restated Vantiv Holding Limited Liability Company Agreement. These consent rights require the approval of Fifth Third for certain significant matters, including the payment of all distributions by Vantiv Holding other than certain permitted distributions, which relate primarily to the payment of tax distributions and tax-related obligations. The amounts available to Vantiv, Inc. to pay cash dividends are also subject to the covenants and distribution restrictions in its subsidiaries' loan agreements.

In addition to principal needs for liquidity discussed above, our strategy includes investing in and leveraging our integrated business model and technology platform, broadening and deepening our distribution channels, entry into new geographic markets and development of additional payment processing services. Our near-term priorities for capital allocation include investing in our operations to support organic growth and debt reduction. Long-term priorities remain unchanged and include investing for growth through strategic acquisitions and returning excess capital to shareholders.

We anticipate that to the extent that we require additional liquidity, it will be funded through the incurrence of other indebtedness, equity financings or a combination thereof. We cannot assure you that we will be able to obtain this additional liquidity on reasonable terms, or at all. Additionally, our liquidity and our ability to meet our obligations and fund our capital requirements are also dependent on our future financial performance, which is subject to general economic, financial and other factors that are beyond our control. Accordingly, we cannot assure you that our business will generate sufficient cash flow from operations or that future borrowings will be available under our credit facilities or otherwise to meet our liquidity needs. If we decide to pursue one or more significant acquisitions, we may incur additional debt or sell additional equity to finance such acquisitions.

## **Cash Flows**

The following table presents a summary of cash flows from operating, investing and financing activities for the six months ended June 30, 2015 and 2014 (in thousands).

|   | <br>Six Months Ended<br>June 30, |    |             |  |
|---|----------------------------------|----|-------------|--|
|   | 2015                             |    | 2014        |  |
| Net cash provided by operating activities           | \$<br>352,377                    | \$ | 256,460     |  |
| Net cash used in investing activities               | (79,167)                         |    | (1,742,099) |  |
| Net cash (used in) provided by financing activities | (283,996)                        |    | 1,544,867   |  |

#### Cash Flow from Operating Activities

Net cash provided by operating activities was \$352.4 million for the six months ended June 30, 2015 as compared to \$256.5 million for the six months ended June 30, 2014. The increase is due primarily to changes in working capital, principally due to the favorable impact of year-over-year changes in accounts receivable and net settlement assets and obligations. Settlement assets and obligations can fluctuate due to seasonality as well as the day of the month end.

### Cash Flow from Investing Activities

Net cash used in investing activities was \$79.2 million for the six months ended June 30, 2015 as compared to \$1,742.1 million for the six months ended June 30, 2014. The decrease was primarily due to the acquisition of Mercury in the prior year.

#### Cash Flow from Financing Activities

Net cash used in financing activities was \$284.0 million for the six months ended June 30, 2015 as compared to net cash provided by financing activities of \$1,544.9 million for the six months ended June 30, 2014. Cash used in financing activities during the six months ended June 30, 2015 consisted primarily of the repayment of debt and capital leases, including the early principal payment of \$200 million on the term B loan on January 6, 2015, payments under the tax receivable agreements and distributions to non-controlling interests. Cash provided by financing activities during the six months ended June 30, 2014 consisted primarily of proceeds from the June 2014 refinancing, partially offset by the repayment of existing debt, related debt issuance costs and capital leases. Additional financing activities included repurchases of Class A common stock, payments made under the tax receivable agreements and tax distributions.

## **Credit Facilities**

On June 13, 2014, Vantiv, LLC completed a debt refinancing by entering into the Amended Loan Agreement. The Amended Loan Agreement provides for senior secured credit facilities comprised of a \$2.05 billion term A loan, a \$1.4 billion term B loan and a \$425 million revolving credit facility. Proceeds from the refinancing were primarily used to fund the Mercury acquisition and repay the prior term A loan. On January 6, 2015, we made an early principal payment of \$200 million on the term B loan. At June 30, 2015, the Company has \$1.9 billion and \$1.2 billion outstanding under the term A and term B loans, respectively, and there were no outstanding borrowings on the Company's revolving credit facility. See additional discussion in Note 4 - Long-Term Debt to the Notes to Unaudited Consolidated Financial Statements.

The Amended Loan Agreement requires us to maintain a leverage ratio no greater than established thresholds (based upon the ratio of total funded debt to consolidated EBITDA, as defined in the loan agreement) and a minimum interest coverage ratio (based upon the ratio of consolidated EBITDA to interest expense), which are tested quarterly based on the last four fiscal quarters. The required financial ratios become more restrictive over time, with the specific ratios required by period set forth in the below table.

| Period                                  | Leverage<br>Ratio<br>(must not exceed) | Interest Coverage<br>Ratio<br>(must exceed) |
|---|--|---|
| September 30, 2014 to June 30, 2015     | 6.50 to 1.00                           | 4.00 to 1.00                                |
| June 30, 2015 to September 30, 2016     | 6.25 to 1.00                           | 4.00 to 1.00                                |
| December 31, 2016 to September 30, 2017 | 5.50 to 1.00                           | 4.00 to 1.00                                |
| December 31, 2017 to September 30, 2018 | 4.75 to 1.00                           | 4.00 to 1.00                                |
| December 31, 2018 and thereafter        | 4.25 to 1.00                           | 4.00 to 1.00                                |

As of June 30, 2015, we were in compliance with these covenants with a leverage ratio of 4.27 to 1.00 and an interest coverage ratio of 7.55 to 1.00.

## **Interest Rate Swaps**

As of June 30, 2015, the Company had a total of 14 outstanding interest rate swaps that were designated as cash flow hedges of interest rate risk. Of the 14 outstanding interest rate swaps, 8 of them cover an exposure period from June 2015 through June 2017 and have a combined notional balance of \$1.2 billion (amortizing to \$1.1 billion). The remaining 6 interest rate swaps cover an exposure period from January 2016 through January 2019 and have a combined notional balance of \$500 million. Fifth Third is the counterparty to 5 of the 14 outstanding interest rate swaps with notional balances ranging from \$293.8 million to \$250.0 million.

# **Contractual Obligations**

There have been no significant changes to contractual obligations and commitments compared to those disclosed in our Annual Report on Form 10-K as of December 31, 2014, except as noted below.

## Borrowings

As a result of the early principal payment of \$200 million on the term B loan on January 6, 2015, total principal and variable interest payments due under our senior secured credit facilities and our loan agreement for our corporate headquarters are as follows: \$102.9 million for the remainder of 2015, \$428.8 million during 2016 and 2017, \$1,835.9 million during 2018 and 2019, and \$1,197.5 million thereafter. Variable interest payments were calculated using interest rates as of June 30, 2015.

## **Critical Accounting Policies and Estimates**

Our discussion and analysis of our financial condition and results of operations are based upon our unaudited consolidated financial statements, which have been prepared in accordance with GAAP. The preparation of these financial statements requires us to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses. On an ongoing basis, we evaluate our critical estimates giving consideration to a combination of factors, including historical experience, current conditions and on various other assumptions that are believed to be reasonable under the circumstances. Actual results may differ from these estimates under different assumptions or conditions.

During the six months ended June 30, 2015, we have not adopted any new critical accounting policies, have not changed any critical accounting policies and have not changed the application of any critical accounting policies from the year ended December 31, 2014. Our critical accounting policies and estimates are described fully within Management's Discussion and Analysis of Financial Condition and Results of Operations included within our Annual Report on Form 10-K filed with the SEC on February 12, 2015.

## **Off-Balance Sheet Arrangements**

We have no off-balance sheet financing arrangements.

## Item 3. Quantitative and Qualitative Disclosure About Market Risk

We are exposed to interest rate risk in connection with our senior secured credit facilities, which are subject to variable interest rates.

As of June 30, 2015 we had a total of 14 outstanding interest rate swaps. Of the 14 outstanding swaps, 8 of them cover an exposure period from June 2015 through June 2017 and have a combined notional balance of \$1.2 billion (amortizing to \$1.1 billion). The remaining 6 interest rate swaps cover an exposure period from January 2016 through January 2019 and have a combined notional balance of \$500 million. As of June 30, 2015, we had \$2.0 billion of variable rate debt not subject to a fixed rate swap effective at June 30, 2015.

Based on the amount outstanding under our senior secured credit facilities at June 30, 2015, a change in one percentage point in variable interest rates, after the effect of our interest rate swaps effective at June 30, 2015, would cause an increase or decrease in interest expense of \$19.6 million on an annual basis.

## **Item 4. Controls and Procedures**

Our management, with the participation of our Chief Executive Officer and Chief Financial Officer, evaluated the effectiveness of our disclosure controls and procedures as of June 30, 2015. The term "disclosure controls and procedures," as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, means controls and other procedures of a company that are designed to ensure that information required to be disclosed by a company in the reports that it files or submits under the Securities Exchange Act of 1934 is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed by a company in the reports it files or submits under the Securities Exchange Act of 1934 is accumulated and communicated to the company's management, including its principal executive and principal financial officers, as appropriate to allow timely decisions regarding required disclosure. Management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving

their objectives. Based on the evaluation of our disclosure controls and procedures as of June 30, 2015, our Chief Executive Officer and Chief Financial Officer concluded that, as of such date, our disclosure controls and procedures were effective.

There were no changes in our internal control over financial reporting that occurred during the three months ended June 30, 2015 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

# PART II - OTHER INFORMATION

## Item 1. Legal Proceedings

From time to time, we are involved in various litigation matters arising in the ordinary course of our business. While it is impossible to ascertain the ultimate resolution or range of financial liability with respect to these contingent matters, management believes none of these matters, either individually or in the aggregate, would have a material adverse effect on us.

## Item 1A. Risk Factors

You should carefully consider the risks described under "Risk Factors" in our Annual Report on Form 10-K for the year ended December 31, 2014. These risks could materially affect our business, results of operations or financial condition, cause the trading price of our common stock to decline materially or cause our actual results to differ materially from those expected or those expressed in any forward looking statements made by or on behalf of Vantiv. These risks are not exclusive, and additional risks to which we are subject include, but are not limited to, the risks of our businesses described elsewhere in this Quarterly Report on Form 10-Q. There have been no material changes from the risk factors disclosed in Part I, Item 1A "Risk Factors" in our Annual Report on Form 10-K for the year ended December 31, 2014.

## Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

The following table sets forth information regarding shares of Class A common stock repurchased by us during the three months ended June 30, 2015:

| Period                          | Total Number<br>of Shares<br>Purchased (1) | Average Price<br>Paid per<br>Share | Total Shares<br>Purchased as<br>Part of Publicly<br>Announced<br>Plans or<br>Programs | of Ŝha<br>Purcha | ximate Dollar Value<br>res that May Yet Be<br>ised Under the Plans<br>rams (in millions) (2) |

(1) Represents shares of Class A common stock surrendered to us to satisfy tax withholding obligations in connection with the vesting of restricted stock awards.

(2) In February 2014, our board of directors authorized a program to repurchase up to \$300 million of our Class A common stock. During the six months ended June 30, 2015, no share repurchases have been transacted under the February 2014 authorization. We have approximately \$275 million of share repurchase authority remaining as of June 30, 2015 under this authorization. Purchases under the repurchase program are allowed from time to time in the open market, in privately negotiated transactions, or otherwise. The manner, timing, and amount of any purchases are determined by management based on an evaluation of market conditions, stock price, and other factors. The share repurchase program has no expiration date and we may discontinue purchases at any time that management determines additional purchases are not warranted.

## Item 5. Other Information

As of July 24, 2015, the Company entered into a Repurchase Addendum to Tax Receivable Agreement (the "TRA Addendum") with each of the Mercury TRA Holders. Pursuant to the terms of the TRA Addendum, the Company has terminated and settled in full a portion of its obligations under the Mercury TRA, in consideration for a cash payment of \$44.8 million that was paid on a pro rata basis to the Mercury TRA Holders.

Under the terms of the TRA Addendum, beginning December 1st of each of 2015, 2016, 2017, and 2018, and ending June 30th of 2016, 2017, 2018, and 2019, respectively, the Company is granted call options (collectively, the "Call Options") pursuant to which certain additional obligations of the Company under the Mercury TRA would be terminated in consideration for cash payments of \$41.4 million, \$38.1 million, \$38.0 million, and \$43.0 million, respectively.

Under the terms of the TRA Addendum, if the Company does not exercise the relevant Call Option, the Mercury TRA Holders are granted put options beginning July 10th and ending July 25th of each of 2016, 2017, 2018, and 2019, respectively (collectively, the "Put Options"), pursuant to which certain additional obligations of the Company would be terminated in consideration for cash payments with similar amounts to the Call Options.

Except to the extent the Company's obligations under the Mercury TRA have been terminated and settled in full in accordance with the terms of the TRA Addendum, the Mercury TRA will remain in effect, and the parties thereto will continue to have all rights and obligations thereunder.

The Company's President, Integrated Payments, is a Mercury TRA Holder. Pursuant to the initial payment under the TRA Addendum, this individual is entitled to receive an aggregate of \$0.6 million, and could receive as much as an additional \$2.2 million with respect to payments made pursuant to the TRA Addendum. See Note 1 of Part I, Item 1 for additional information about the Mercury TRA.

## **REPURCHASE ADDENDUM TO TAX RECEIVABLE AGREEMENT**

This Repurchase Addendum to the Tax Receivable Agreement, dated May 12, 2014 (this "<u>Addendum</u>") is entered into as of July 24, 2015 by and among NPC Group, Inc. ("<u>NPC</u>"), Vantiv, LLC (together with NPC, "<u>Vantiv</u>"), and Silver Lake Partners III DE, L.P., Silver Lake Technology Associates III, L.P., SLP III Quicksilver Feeder I, L.P., Silver Lake Technology Investors III, L.P. (collectively, the "<u>SLP Parties</u>"), Durango FI, LLC (f/k/a MPS 1, Inc.) and Mercury Payment Systems II, LLC (collectively, the "<u>SLP Parties</u>") and the other persons and entities listed on <u>Schedule A</u> hereto (the "<u>Other TRA Parties</u>," and collectively with the SLP Parties and the S Corp Parties, the "<u>TRA Parties</u>" and each individually a "<u>TRA Party</u>").

WHEREAS, NPC, Vantiv, LLC and the TRA Parties entered into that certain Tax Receivable Agreement, dated as of May 12, 2014 (the "<u>TRA</u>");

WHEREAS, Vantiv desires to make a payment to terminate and settle in full NPC's payment obligations under the TRA with respect to (i) twenty percent (20%) of the 743(b) Tax Items (as defined below) available in the 2015 Covered Taxable Year and all future Covered Taxable Years and (ii) all of the NOLs (as defined below) available in the 2015 Covered Taxable Year, and the TRA Parties will accept payment to terminate and settle such obligations under the TRA;

WHEREAS, each TRA Party desires to grant Vantiv call options to make payments to terminate and settle in full NPC's payment obligations to such TRA Party under the TRA for all Covered Taxable Years beginning after 2015 with respect to such TRA Party's Percentage Interest of (i) the remaining eighty percent (80%) of the 743(b) Tax Items available in the 2016 Covered Taxable Year and all future Covered Taxable Years, and (ii) all of the NOLs available in the 2016 Covered Taxable Year and all future Covered Taxable Years; and

WHEREAS, Vantiv desires to grant each TRA Party put options to require Vantiv to make payments to terminate and settle in full NPC's payment obligations to such TRA Party under the TRA for all Covered Taxable Years beginning after 2015 with respect to such TRA Party's Percentage Interest of (i) the remaining eighty percent (80%) of the 743(b) Tax Items available in the 2016 Covered Taxable Year and all future Covered Taxable Years, and (ii) all of the NOLs available in the 2016 Covered Taxable Year and all future Covered Taxable Years.

NOW, THEREFORE, in consideration of the premises, representations, warranties and covenants herein contained, the parties agree as follows:

## ARTICLE I DEFINITIONS

All defined terms used herein and not otherwise defined shall have the meanings ascribed to such terms in the TRA.

"<u>743(b)</u> Tax Attributes" shall mean the sum of (i) Basis Adjustment and (ii) the Existing Basis Adjustment. For the avoidance of doubt, any payments made pursuant to this Addendum shall not increase the amount of 743(b) Tax Attributes.

"743(b) Tax Items" shall mean items of loss or deduction or reduction in gain attributable to the 743(b) Tax Attributes.

"<u>Legal Proceeding</u>" shall mean any action, suit, proceeding, claim, arbitration or investigation before any Governmental Entity or before any arbitrator.

"<u>NOLs</u>" shall mean the Corporation NOLs available to Vantiv calculated as of the Initial Closing Date and subject to any limitation under Section 382 of the Internal Revenue Code of 1986 and any analogous provision of state law.

"<u>Security Interest</u>" shall mean any mortgage, pledge, security interest, encumbrance, charge or other lien (whether arising by contract or by operation of law).

## ARTICLE II THE INITIAL REPURCHASE

2.1 Initial Repurchase Payment. Upon and subject to the terms and conditions of this Addendum, Vantiv shall make the payments set forth in Section 2.2(b) below to each TRA Party to terminate and settle in full NPC's payment obligations to such TRA Party under the TRA with respect to such TRA Party's Percentage Interest of (i) twenty percent (20%) of the 743(b) Tax Items available in the 2015 Covered Taxable Year and all future Covered Taxable Years (including any net operating losses or other tax attributes attributable to such portion of the 743(b) Tax Items for such Covered Taxable Years), and (ii) all of the NOLs available in the 2015 Covered Taxable Year (the "Initial Repurchase").

# 2.2 <u>The Initial Closing</u>.

(a) The consummation of the Initial Repurchase (the "<u>Initial Closing</u>") shall take place by electronic exchange of documents commencing at 10:00 a.m. Eastern Time on the date hereof (the "<u>Initial Closing Date</u>"). All transactions at the Initial Closing shall be deemed to take place simultaneously, and no transaction shall be deemed to have been completed and no documents or certificates shall be deemed to have been delivered until all other transactions are completed and all other documents and certificates are delivered.

(b) Immediately prior to the payment provided for in Section 2.2(c), Vantiv shall pay to Silver Lake Partners III DE, L.P. ("Silver Lake") or its designees, \$1,851,116 (the "Expense Amount") representing the out-of-pocket fees and expenses paid or payable by Silver Lake and its affiliates to third parties not affiliated with Silver Lake or any of its affiliates in connection with the transactions contemplated hereby and any other contemplated liquidity transaction with respect to the TRA.

(c) At the Initial Closing, Vantiv shall make a payment to each TRA Party of such TRA Party's Percentage Interest of the difference between (x) \$44,800,000 and (y) the Expense Amount, by wire transfer of immediately available funds to the account previously designated by such TRA Party.

2.3 Effect on TRA. Each of Vantiv and each TRA Party hereby acknowledges and agrees that upon receipt by such TRA Party of the amount to be paid to such TRA Party in accordance with Section 2.2(c) above, NPC's payment obligations to such TRA Party under the TRA with respect to such TRA Party's Percentage Interest of (i) twenty percent (20%) of the 743(b) Tax Items available in the 2015 Covered Taxable Year and all future Covered Taxable Years (including any net operating losses or other tax attributes attributes to such portion of the 743(b) Tax Items for such Covered Taxable Years), and (ii) all of the NOLs available in the 2015 Covered Taxable Year are terminated and settled in full.

# ARTICLE III THE CALL OPTIONS

# 3.1 <u>First Call Option</u>

(a) <u>Grant of the First Call Option</u>. Each TRA Party hereby grants to Vantiv the right, and not the obligation, to make a payment to such TRA Party of such TRA Party's Percentage Interest of \$41,400,000 (the "<u>First Call Option Payment</u>") to terminate and settle in full NPC's payment obligations to such TRA Party under the TRA with respect to such TRA Party's Percentage Interest of (i) twenty percent (20%) of the 743(b) Tax Items available in the 2016 Covered Taxable Year and all future Covered Taxable Years (including any net operating losses or other tax attributes attributes attributable to such portion of the 743(b) Tax Items for such Covered Taxable Years) and (ii) all of the NOLs available in the 2016 Covered Taxable Year and all future Covered Taxable Years (the "<u>First Call Option</u>"). The First Call Option shall be exercisable by Vantiv during the period starting on December 1, 2015 and ending at 5:00 p.m. Eastern Time on June 30, 2016 (the "<u>First Call Exercise Period</u>").

(b) <u>First Call Option Procedure</u>. Vantiv may exercise the First Call Option by providing two days prior written notice (the "<u>First Call Written Notice</u>") to the TRA Parties at any time during the First Call Exercise Period. The First Call Exercise Notice shall constitute an irrevocable offer by Vantiv to exercise the First Call Option with respect to each TRA Party and to make a payment to such TRA Party equal to such TRA Party's Percentage Interest of the First Call Option Payment in accordance with <u>Section</u> <u>3.1(c)</u> below.

(c) <u>First Call Option Closing</u>. The closing of the First Call Option shall take place at a time specified in the First Call Written Notice, which shall be the earlier of (x) the third Business Day following the date of delivery of the First Call Written Notice and (y) June 30, 2016 (the "<u>First Call Closing</u>"). At the First Call Closing, Vantiv will pay to each TRA Party such TRA Party's Percentage Interest of the First Call Option Payment by wire transfer of immediately available funds to the account previously designated by such TRA Party.

(d) <u>Effect on TRA</u>. Each of Vantiv and each TRA Party hereby acknowledges and agrees that upon receipt by such TRA Party of the amount to be paid to such TRA Party in accordance with Section 3.1(c) above, NPC's payment obligations to such TRA Party under the TRA with respect to such TRA Party's Percentage Interest of (i) twenty percent (20%) of the 743(b) Tax Items available in the 2016 Covered Taxable Year and all future Covered Taxable Years (including any net operating losses or other tax attributes attributable to such portion of the 743(b) Tax Items for such Covered Taxable Years) and (ii) all of the NOLs available in the 2016 Covered Taxable Year and all future Covered Taxable Years shall be terminated and settled in full.

# 3.2 <u>Second Call Option</u>

(a) <u>Grant of the Second Call Option</u>. Each TRA Party hereby grants to Vantiv the right, and not the obligation, to make a payment to such TRA Party of such TRA Party's Percentage Interest of \$38,100,000 (the "<u>Second Call Option Payment</u>") to terminate and settle in full NPC's obligations to such TRA Party under the TRA with respect to such TRA Party's Percentage Interest of twenty percent (20%) of the 743(b) Tax Items available in the 2017 Covered Taxable Year and all future Covered Taxable Years (including any net operating losses or other tax attributes attributable to such portion of the 743(b) Tax Items for such Covered Taxable Years) (the "<u>Second Call Option</u>"). ## ARTICLE V ORDINARY COURSE TRA PAYMENTS AND TRA TERMINATION

5.1 <u>Continuation of the TRA</u>. Vantiv and the TRA Parties hereby acknowledge and agree that (i) any payment obligation of NPC under the TRA not otherwise terminated and settled in full pursuant to this Addendum shall be made pursuant to the terms of the TRA and (ii) except as amended hereby, the TRA remains in full force and effect with respect to Vantiv, on the one hand, and each TRA Party, on the other hand. For the avoidance of doubt, any failure by Vantiv to make a payment to any TRA Party pursuant to the exercise of a call option pursuant to Article III or a put option pursuant to Article IV within three Business Days of the due date for such payment shall constitute a material breach by NPC of a material obligation for purposes of Section 5.01(b) of the TRA entitling such TRA Party to elect to receive the amounts set forth therein (appropriately adjusted to reflect any prior termination and settlement of NPC's payment obligations to such TRA Party effected and paid for in full pursuant to this Addendum).

5.2 <u>Termination of the TRA</u>. Vantiv and the TRA Parties hereby acknowledge and agree that the TRA shall be terminated in its entirety with respect to any TRA Party when no further payments thereunder or hereunder shall be due and payable to such TRA Party from NPC or be otherwise in dispute.

## ARTICLE VI REPRESENTATIONS AND WARRANTIES OF TRA PARTIES

Each TRA Party severally represents and warrants to Vantiv that the statements contained in this <u>Article VI</u> are true and correct as of the date of this Addendum.

6.1 <u>Authorization of Transaction</u>. Such TRA Party has all requisite corporate power and authority to execute and deliver this Addendum and to perform their obligations hereunder. The execution and delivery by such TRA Party of this Addendum and the performance by such TRA Party of this Addendum and the consummation by such TRA Party of the transactions contemplated hereby have been duly and validly authorized by all necessary corporate action on the part of such TRA Party. This Addendum has been duly and validly executed and delivered by such TRA Party and this Addendum constitutes the valid and binding obligation of such the TRA Party, enforceable against such TRA Party in accordance with its terms, except as such enforcement may be limited by general equitable principles or by applicable bankruptcy, insolvency, fraudulent transfer, moratorium, or similar laws, legal requirements and judicial decisions from time to time in effect which affect creditors' rights generally.

6.2 <u>Noncontravention</u>. Neither the execution and delivery by such TRA Party of this Addendum, nor the consummation by such TRA Party of the transactions contemplated hereby, will (a) conflict with or violate any provision of any of the organizational documents or contractual commitments of such TRA Party,

(b) require on the part of such TRA Party any notice to or filing with, or any permit, authorization, consent or approval of, any Governmental Entity or (c) violate any order, writ, injunction, decree, statute, rule or regulation applicable to such TRA Party or any of their properties or assets.

6.3 <u>Ownership of Rights</u>. The TRA Parties have the sole and exclusive rights to receive the payments under the TRA, and such rights are free and clear of all Security Interests.

6.4 <u>Litigation</u>. There is no Legal Proceeding which is pending or has been threatened in writing, or judgment, order or decree outstanding, against or otherwise naming such TRA Party which in any manner challenges or seeks, or would if commenced challenge or seek, to prevent, enjoin, alter or delay the transactions contemplated by this Addendum.

6.5 <u>No Additional Representations</u>. Such TRA Party acknowledges that neither Vantiv nor any person has made any representation or warranty, express or implied, as to the accuracy or completeness of any information regarding Vantiv furnished or made available to such TRA Party and such TRA Party's representatives except as expressly set forth in this Addendum.

6.6 <u>Brokers' Fees</u>. Such TRA Party has no liability or obligation to pay any fees or commissions to any broker, finder or agent with respect to the transactions contemplated by this Addendum.

## ARTICLE VII REPRESENTATIONS AND WARRANTIES OF VANTIV

Vantiv represents and warrants to the TRA Parties that the statements contained in this <u>Article VII</u> are true and correct as of the date of this Addendum.

7.1 <u>Authorization of the Transaction</u>. Vantiv has all requisite corporate power and authority to execute and deliver this Addendum and to perform its obligations hereunder. The execution and delivery by Vantiv of this Addendum, the performance by Vantiv of this Addendum and the consummation by Vantiv of the transactions contemplated hereby and thereby have been duly and validly authorized by all necessary corporate action on the part of Vantiv. This Addendum has been duly and validly executed and delivered by Vantiv and this Addendum constitutes the valid and binding obligations of Vantiv, enforceable against Vantiv in accordance with its terms, except as such enforcement may be limited by general equitable principles or by applicable bankruptcy, insolvency, fraudulent transfer, moratorium, or similar laws, legal requirements and judicial decisions from time to time in effect which affect creditors' rights generally.

7.2 <u>Noncontravention</u>. Neither the execution and delivery by Vantiv of this Addendum, nor the consummation by Vantiv of the transactions contemplated hereby, will (a) conflict with or violate any provision of the organizational documents of Vantiv, (b) require on the part of Vantiv any filing with, or permit, authorization, consent or approval of, any Governmental Entity, except for applicable requirements under federal or state securities statutes, rules or regulations or (c) violate any order, writ, injunction, decree, statute, rule or regulation applicable to Vantiv or any of its properties or assets.

7.3 <u>Litigation</u>. There is no Legal Proceeding which is pending or has been threatened in writing, or judgment, order or decree outstanding, against or otherwise naming Vantiv which in any manner challenges or seeks, or would if commenced challenge or seek, to prevent, enjoin, alter or delay the transactions contemplated by this Addendum.

7.4 Lack of Payment Restrictions. Neither Vantiv nor any of its Affiliates is a party to any contract or other agreement that by its terms would restrict their ability to make any payments under this Addendum. Vantiv will not, and will cause its Affiliates not to, enter into any contract or other agreement that by its terms would restrict their ability to make any payments under this Addendum.

7.5 <u>No Additional Representations</u>. Vantiv acknowledges that none of the TRA Parties nor any person has made any representation or warranty, express or implied, as to the accuracy or completeness of any information regarding the TRA Parties furnished or made available to Vantiv and its representatives except as expressly set forth in this Addendum.

7.6 <u>Brokers' Fees</u>. Vantiv has no liability or obligation to pay any fees or commissions to any broker, finder or agent with respect to the transactions contemplated by this Addendum.

## ARTICLE VIII POST-CLOSING COVENANTS

8.1 <u>Press Releases and Announcements</u>. Each TRA Party agrees not to issue any press release or public announcement relating to the subject matter of this Addendum without the prior written approval of Vantiv.

8.2 <u>No Security Interests</u>. Each TRA Party agrees not to create, incur, assume or permit to exist any Security Interest in such TRA Party's rights to receive any payments under the TRA which are subject to the call options set forth in Article III hereof or the put options set forth in Article IV hereof.

8.3 <u>Litigation Notice</u>. Each TRA Party shall furnish to Vantiv, and Vantiv shall furnish to each TRA Party, prompt written notice when any such party has knowledge of any Legal Proceeding which is pending or has been threatened in writing, or judgment, order of decree outstanding, against or otherwise naming any such party which in any manner challenges or seeks, or would if commenced challenge or seek, to prevent, enjoin, alter or delay the transactions contemplated by this Addendum.

# ARTICLE IX GENERAL PROVISIONS

9.1 <u>Notices</u>. All notices, requests, claims, demands and other communications hereunder shall be in writing and shall be deemed duly given and received (a) on the date of delivery if delivered personally, or by facsimile upon confirmation of transmission by the sender's fax machine if sent on a Business Day (or otherwise on the next Business Day), or by email upon confirmation of delivery if sent on a Business Day (or otherwise on the next Business Day) or (b) on the first Business Day following the date of dispatch if delivered by a recognized next-day courier service. All notices hereunder shall be delivered (i) with respect to Vantiv, the SLP Parties or the S Corp Parties, as set forth in <u>Schedule B</u> hereto and (ii) with respect to each Other TRA Party, as set forth on such Other TRA Party's signature page counterpart hereto, or pursuant to such other instructions as may be designated in writing by the party to receive such notice. Any party may change its address or fax number by giving the other party written notice of its new address or fax number in the manner set forth above.

9.2 <u>Counterparts</u>. This Addendum may be executed in one or more counterparts, all of which shall be considered one and the same agreement and shall become effective when one or more counterparts have been signed by the relevant signatories, it being understood that all signatories need not sign the same counterpart.

9.3 <u>Entire Agreement; No Third Party Beneficiaries</u>. The TRA and this Addendum together constitute the entire agreement and supersede all prior agreements and understandings, both written and oral, among the parties with respect to the subject matter hereof. This Addendum shall be binding upon and inure solely to the benefit of each party hereto and their respective successors and permitted assigns, and nothing in this Addendum, express or implied, is intended to or shall confer upon any other Person any right, benefit or remedy of any nature whatsoever under or by reason of this Addendum.

9.4 <u>Governing Law</u>. This Addendum shall be governed by, and construed in accordance with, the laws of the State of Delaware without giving effect to applicable principles of conflict of laws.

9.5 <u>Severability</u>. If any term or other provision of this Addendum is invalid, illegal or incapable of being enforced by any law or public policy, all other terms and provisions of this Addendum shall nevertheless remain in full force and effect so long as the economic or legal substance of the transactions contemplated hereby is not affected in any manner materially adverse to any party. Upon such determination that any term or other provision is invalid, illegal or incapable of being enforced, the parties hereto shall negotiate in good faith to modify this Addendum so as to effect the original intent of the parties as closely as possible in an acceptable manner in order that the transactions contemplated hereby are consummated as originally contemplated to the greatest extent possible.

9.6 <u>Successors; Assignment; Amendments</u>. No TRA Party may assign this Addendum to any person without the prior written consent of NPC or Vantiv; provided that (i)(A) any SLP Party may assign this Addendum to any Affiliate of such SLP Party that remains an Affiliate of such SLP Party for the term of

the Addendum, and (B) any S Corp Party may assign this Addendum to any Affiliate of such S Corp Party that remains an Affiliate of such S Corp Party for the term of this Addendum and (ii) any SLP Party or S Corp Party may assign this Addendum following the date of this Addendum to a third party following compliance with the right of first offer provisions set forth in Section 8.15 of the TRA, and provided, further, that for the avoidance of doubt, the conversion of an S Corp Party to a limited liability company shall not be treated as an assignment subject to this Section 9.6. Neither NPC nor Vantiv may assign any of its rights, interests or entitlements under this Addendum. Subject to each of the two immediately preceding sentences, this Addendum will be binding upon, inure to the benefit of and be enforceable by, the parties and their respective successors and assigns including any acquirer of all or substantially all of the assets of NPC and/or Vantiv. This Addendum may only be amended, supplemented or changed with respect to a TRA Party by a written instrument signed by such TRA Party, on the one hand, and NPC and Vantiv, on the other hand. After an assignment, NPC and its Affiliates will treat payments to any assignee of a TRA Party (other than payments to the extent treated as Imputed Interest) as resulting in additional Basis Adjustments provided that the relevant TRA Party has delivered NPC prior to the date of such assignment a written tax opinion from a nationally recognized tax advisor, which opinion and which advisor are reasonably acceptable to NPC, that such position is "more likely than not" to be correct. Notwithstanding anything to the contrary set forth in this Addendum, including this Section 9.6, each party hereto acknowledges and agrees that any assignment made pursuant to Section 8.06 of the TRA must be accompanied by the corresponding assignment of all of such party's rights and obligations under this Addendum made in accordance with this Section 9.6, and that none of such party's rights under this Addendum may be assigned except pursuant to an assignment of all of such party's rights under this Addendum together with all of such party's rights and obligations under the TRA pursuant to Section 8.06 of the TRA.

9.7 <u>Titles and Subtitles</u>. The titles of the sections and subsections of this Addendum are for convenience of reference only and are not to be considered in construing this Addendum.

9.8 <u>Submission to Jurisdiction; Waivers</u>. With respect to any suit, action or proceeding relating to this Addendum (collectively, a "<u>Proceeding</u>"), each party to this Addendum irrevocably (a) consents and submits to the exclusive jurisdiction of the courts of the State of Delaware and any court of the U.S. located in the State of Delaware; (b) waives any objection which such party may have at any time to the laying of venue of any Proceeding brought in any such court, waives any claim that such Proceeding has been brought in an inconvenient forum and further waives the right to object, with respect to such Proceeding, that such court does not have jurisdiction over such party; (c) consents to the service of process at the address set forth for notices (i) in the case of Vantiv, an SLP Party or an S Corp Party, on Schedule B hereto, or (ii) in the case of any Other TRA Party, on such TRA Party's signature page counterpart hereto; provided, however, that such manner of service of process shall not preclude the service of process in any other manner permitted under applicable law; and (d) waives, to the fullest extent permitted by applicable law, any and all rights to trial by jury in connection with any Proceeding.

9.9 <u>Reconciliation</u>. In the event that Vantiv and a TRA Party are unable to resolve a disagreement within the relevant period designated in the TRA or this Addendum, the matter shall be submitted for determination to a nationally recognized expert in the particular area of disagreement employed by a nationally recognized accounting firm or a law firm (other than the Accounting Firm), which expert is mutually acceptable to all parties and the Audit Committee (the "<u>National Expert</u>"). Any costs of the National Expert shall be borne equally by Vantiv, on the one hand, and the relevant TRA Party or TRA Parties, on the other hand. If the matter is not resolved before any payment that is the subject of a disagreement is due or any Tax Return reflecting the subject of a disagreement is due, such payment shall be made on the date prescribed by this Agreement in the amount proposed by Vantiv and such Tax Return shall be filed as prepared by Vantiv, subject to adjustment or amendment upon resolution. The determinations of the National Expert pursuant to this Section 9.9 shall be binding on Vantiv, on the one hand, and the relevant TRA Party or TRA Parties (and their respective Affiliates), on the other hand, absent manifest error.

9.10 <u>Specific Performance</u>. Each party acknowledges and agrees that the other parties would be damaged irreparably in the event any of the provisions of this Addendum are not performed in accordance

with their specific terms or otherwise are breached. Accordingly, each party agrees that each other party shall be entitled to an injunction or other equitable relief to prevent breaches of the provisions of this Addendum and to enforce specifically this Addendum and the terms and provisions hereof in any action instituted in any court of the United States or any state thereof having jurisdiction over the parties and the matter, in addition to any other remedy to which it may be entitled, at law or in equity.

9.11 <u>Expenses</u>. Each party shall bear its own costs and expenses incurred in connection with this Addendum and the transactions contemplated hereby.

9.12 <u>No More Favorable Terms</u>. The parties hereto acknowledge and agree that Section 8.12 of the TRA shall have no application to the payment obligations NPC has or may invoke via its call rights, or is or remains subject to via the put rights, under this Addendum, any of the terms hereof or any of the financial assumptions or calculations underlying such terms, and that Section 8.12 of the TRA shall only continue to apply to those payment obligations of NPC under the TRA not otherwise capable of being terminated and settled in full pursuant to this Addendum (or which were capable of being terminated and settled in full pursuant to this Addendum but with respect to which neither party has invoked its call or put rights under this Addendum).

9.13 Withholding; Tax Treatment. Vantiv shall be entitled to deduct and withhold from any payment payable pursuant to this Addendum such amounts as Vantiv is required to deduct and withhold with respect to the making of such payment under the Code, the Treasury Regulations, or any provision of state, local or foreign tax law. To the extent that amounts are so withheld and paid over to the appropriate Taxing Authority by Vantiv, such withheld amounts shall be treated for all purposes of this Addendum as having been paid to the TRA Parties. The parties agree that this Addendum shall be treated as a modification of the TRA for U.S. federal income tax purposes and entering into this Addendum shall not be treated as a separate taxable transaction for U.S. federal income tax purposes, and that any payments by Vantiv pursuant to this Addendum are on behalf of NPC and shall be treated for U.S. federal income tax purposes as payments pursuant to the TRA.

### CERTIFICATION OF PRINCIPAL EXECUTIVE OFFICER PURSUANT TO SECTION 302 OF THE SARBANES-OXLEY ACT OF 2002

I, Charles D. Drucker, certify that:

- 1. I have reviewed this quarterly report on Form 10-Q of Vantiv, Inc.;
- 2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
- 3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
- 4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
  - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
- 5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
  - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
  - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
