#### **Vantiv Reports First Quarter 2013 Results**

Net Revenue Grew 17% to \$272.9 Million as Transactions Increased 18% to 4.0 Billion

Adjusted EBITDA Margin Expanded Approximately 160 Basis Points

Pro Forma Adjusted Net Income Increased 59% to \$67.4 Million

Pro Forma Adjusted Net Income per Share Increased 55% to \$0.31

CINCINNATI - May 6, 2013 - Vantiv, Inc. (NYSE: VNTV) ("Vantiv" or "the Company") today announced financial results for the first quarter ended March 31, 2013. Revenue increased 15% to \$498.0 million in the first quarter as compared to \$432.8 million in the prior year period. Net revenue increased 17% to \$272.9 million in the first quarter as compared to \$232.6 million in the prior year period. Transaction growth was 18% for the first quarter, which was primarily due to transaction growth in the Merchant Services segment of 23%. On a GAAP basis, net income attributable to Vantiv, Inc. was \$26.1 million or \$0.18 per diluted share during the first quarter, compared with a loss of (\$18.4) million, or (\$0.38) per diluted share, in the prior year period. Pro forma adjusted net income increased 59% in the first quarter to \$67.4 million as compared to \$42.4 million in the prior year period. Pro forma adjusted net income per share increased 55% to \$0.31 for the first quarter as compared to \$0.20 in the prior year period. (See Schedule 2 for pro forma adjusted net income and Schedule 6 for GAAP net income reconciliation to pro forma adjusted net income.)

Vantiv's scale and efficiency continued to support superior profitability as shown by the Company's first quarter adjusted EBITDA margin of 45.9%, which reflected approximately 160 basis points in margin expansion over the prior year period. (See Schedule 7 for reconciliation from GAAP net income to adjusted EBITDA.)

"I am pleased to report another strong quarter that demonstrates our continued focus on execution and ability to win market share," said Charles Drucker, president and chief executive officer at Vantiv. "Our strong financial performance is a testament to our dedicated employees, our commitment to execution, and our focus on our clients. Looking forward, we will continue to generate above market growth by broadening distribution within our traditional business as well as expanding through technology into high-growth segments and verticals, like ecommerce and PayFac<sup>TM</sup>."

#### **Merchant Services**

Net revenue increased 22% to \$191.6 million in the first quarter as compared to \$157.5 million in the prior year period, primarily due to a 23% increase in transactions, including the recent acquisition of Litle & Co. ("Litle"). Litle continued to generate superior growth during the first quarter with a 39% increase in sales volume year-over-year, due primarily to strong new sales and organic growth. Consistent with the prior three quarters, net revenue per transaction declined as compared to the prior year period due principally to the addition of a large national processing contract in the second quarter of 2012. Excluding the impact of this contract, net revenue per transaction increased year-over-year, due primarily to beneficial changes in the Company's customer mix and increased ecommerce net revenue. Sales and marketing expenses increased to \$70.2 million in the first quarter from \$66.7 million in the prior period.

#### **Financial Institution Services**

Net revenue increased 8% to \$81.3 million in the first quarter as compared to \$75.1 million in the prior year period. Sales and marketing expenses fell by 4% in the first quarter to \$5.8 million from \$6.1 million in the prior year period.

Non-GAAP and Pro Forma Financial Measures
This schedule presents non-GAAP and pro forma financial measures, which are important financial performance measures for the Company, but are not financial measures as defined by GAAP. Such financial measures should not be considered as alternatives to GAAP net income, and such measures may not be comparable to those reported by other companies.

Pro forma adjusted net income is derived from GAAP net income, adjusting for the following items: (a) amortization of intangible assets acquired in business combinations and customer portfolio and related asset acquisitions; (b) non-operating expenses primarily associated with the refinancing of our debt and the termination of our interest rate swaps in March 2012; (c) adjustments to income tax expense assuming conversion of non-controlling interests into shares of Class A common stock; (d) share-based compensation; (e) acquisition and integration costs incurred in connection with our acquisitions and costs associated with our separation from Fifth Third Bank; and (f) tax benefits due to the amortization of intangible assets and other tax attributes resulting from or acquired with our acquisitions, including Litle, and to the tax basis step up associated with our separation from Fifth Third Bank and the purchase or exchange of Class B units of Vantiv Holding, net of payment obligations under tax receivable agreements established at the time of our initial public offering.

<sup>(1)</sup> See schedule 7 for a reconciliation of GAAP net income to adjusted EBITDA.

<sup>(2)</sup> Represents adjustments to income tax expense to reflect an effective tax rate of 38.5%, assuming the conversion of the Class B units of Vantiv Holding into shares of Class A common stock, including the tax effect of adjustments described above.

<sup>(3)</sup> Represents tax benefits due to the amortization of intangible assets and other tax attributes resulting from or acquired with our acquisitions, including Litle, and to the tax basis step up associated with our separation from Fifth Third Bank and the purchase or exchange of Class B units of Vantiv Holding, net of payment obligations under tax receivable agreements established at the time of our initial public offering.

(4) Pro forma adjusted net income assumes the conversion of non-controlling interests into shares of Class A common stock.
