Item 8.01 Other Events.

On August 9, 2017, the boards of Vantiv, Inc. ("Vantiv") and Worldpay Group plc, a public limited company registered in England and Wales ("Worldpay") announced (the "Offer Announcement") that they had reached agreement on the terms of a recommended offer for the entire issued and to be issued ordinary share capital of Worldpay by Vantiv and Vantiv UK Limited (the "Acquisition"). The Acquisition is being implemented by means of a court-sanctioned scheme of arrangement (the "Scheme") under Part 26 of the U.K. Companies Act 2006. Vantiv is filing this information on Form 8-K, including the exhibit attached hereto, to provide an update on the progress of the Acquisition.

Vantiv has today filed a definitive proxy statement (the "<u>Definitive Proxy Statement</u>") with the SEC and will commence mailing the Definitive Proxy Statement to Vantiv stockholders on or about November 28, 2017. A special meeting of Vantiv stockholders will be held at 9:00 a.m. Eastern time on January 8, 2018 (the "<u>Vantiv Stockholder Meeting</u>"). The Vantiv Stockholder Meeting is being held in order to, among other things, approve the issuance of shares of Vantiv Class A common stock which represents the share portion of the consideration payable to Worldpay shareholders in connection with the Acquisition.

The UK prospectus in respect of the issuance of new shares of Vantiv Class A commons stock in connection with the Acquisition and the proposed standard listing of Vantiv Class A shares on the London Stock Exchange, and the Worldpay scheme document relating to the Acquisition are expected to be published on November 28, 2017. Vantiv and Worldpay anticipate that Worldpay's shareholder meetings will be convened in early January 2018, and it is expected that the Acquisition will be completed in mid-January of 2018, subject to, among other things, the necessary shareholder approvals having been received. The Worldpay Scheme document will contain a full anticipated timetable with respect to the completion of the Acquisition.

Vantiv also announced today that, in relation to the regulatory clearance conditions to which the Acquisition is subject:

- the waiting period under the U.S. Hart-Scott-Rodino Antitrust Improvements Act of 1976 (as amended) has expired;
- · all required pre-closing approvals from the UK Financial Conduct Authority have been received; and
- the Dutch Central Bank has made positive decisions in respect of the integrity of all persons who need to be vetted as co-policymakers of Worldpay B.V. in relation to the proposed implementation of the Acquisition.

Accordingly, Vantiv considers that the conditions set out in the Announcement relating to the above regulatory authorities have been satisfied.

Charles Drucker, president and chief executive officer of Vantiv, today provided the following statement with respect to the Acquisition:

"The last few months have reinforced the compelling strategic rationale for combining Worldpay and Vantiv. The positive reaction from current and prospective customers gives us great confidence that we can achieve more together than either of us could do on our own. This includes driving incremental revenue by expanding in global ecommerce; taking integrated payments to the UK and across Europe; cross-selling our B2B payments expertise into our combined customer base; and optimizing our product sets, increasing our speed to market. We are confident this will deliver long-term value creation for our shareholders, driven by our proven ability to effectively integrate companies."

 $Philip\ Jansen,\ chief\ executive\ of Ficer\ of\ Worldpay,\ today\ provided\ the\ following\ statement\ with\ respect\ to\ the\ Acquisition:$

"We are making excellent progress towards completion of the transaction; the planning to merge the two businesses is well advanced. We have set up joint integration teams that will deliver the cost synergies and capture the revenue opportunities that will result from the new Worldpay's unparalleled scale, differentiated products and global reach. We have secured all the major regulatory approvals, and we are on track to close in mid-January of 2018. Combining our companies to create the leading payment provider of global integrated omni-commerce couldn't be more exciting."

Vantiv has uploaded to its website a Transaction Update presentation with respect to the combined company and the status of the Acquisition. A copy of the Transaction Update presentation is filed as Exhibit 99.1 to this current report and is incorporated herein by reference.
