Explanation of Responses:

1. On August 8, 2019, the reporting person was granted performance stock units ("PSUs") pursuant to the Worldpay Integration Incentive Plan (the "Integration Plan"). Fifty percent of the target grant amount is based on the satisfaction of revenue synergy targets and fifty percent of the target grant amount is based on the satisfaction of expense synergy targets, each of which is measured over a three-year period. Under the terms of the Integration Plan, the FIS Compensation Committee determined that the actual expense synergy amount as of the first measurement period ending on June 30, 2020 resulted in a vesting at two hundred percent of the fifty percent expense synergy target grant amount. The threshold for revenue synergy vesting was not met as of this first measurement date.
