Notwithstanding the foregoing, if the 2020 Notes are redeemed on or after September 15, 2020 (the date that is one month prior to their maturity date), the 2022 Notes are redeemed on or after August 15, 2022 (the date that is two months prior to their maturity date) or the 2025 Notes are redeemed on or after July 15, 2025 (the date that is three months prior to their maturity date), the 2020 Notes, the 2022 Notes and the 2025 Notes, respectively, will be redeemed at a redemption price equal to 100% of the principal amount of the notes to be redeemed, plus accrued and unpaid interest to, but excluding, the date of redemption. Special Mandatory Redemption

If we do not consummate the Mergers on or prior to June 30, 2016, or if, prior to such date, we notify the trustee in writing that the Merger Agreement is terminated, each series of the Senior Notes (other than the 2025 Notes) will be required to be redeemed in whole and not in part at a special mandatory redemption price equal to 101% of the aggregate principal amount of such series of the Senior Notes being redeemed, plus accrued and unpaid interest, if any, to, but excluding, the special mandatory redemption date. The 2025 Notes will not be subject to the special mandatory redemption and will remain outstanding even if the Mergers are not consummated.

Use of Proceeds:

We intend to use the net proceeds from this offering, together with borrowings under our new term loan credit agreement and our existing revolving credit facility and cash on hand, to pay the cash portion of the consideration for the Mergers of approximately \$2.3 billion (less certain adjustments), to repay the outstanding SunGard bank debt, to redeem the SunGard Notes at or shortly following the closing of the Mergers, including paying the applicable call premium, and to pay transaction-related fees and expenses. To the extent that we have excess proceeds from this offering, we will use them for general corporate purposes.

Pending such uses, we may invest the net proceeds temporarily in investment-grade securities, money-market funds, bank deposit accounts or similar short-term investments or use such net proceeds to repay a portion of our existing revolving credit facility. If the Mergers are not consummated, the net proceeds of the 2025 Notes will be used for general corporate purposes, which may include the repayment of amounts due under our existing debt agreements.

As of June 30, 2015, on a pro forma basis giving effect to the Transactions, we would have had approximately \$12,057.3 million of total outstanding indebtedness and \$1,212.0 million of borrowing capacity under our existing revolving credit facility.
