1. We note that your earnings release includes non-GAAP measures for Adjusted net

earnings and Adjusted EPS, which primarily include adjustments to eliminate

amortization expense on all intangible assets acquired in various Company acquisitions

and to eliminate acquisition, integration and severance expenses that management deems  $\,$ 

non-operational primarily related to the SunGard acquisition. Please tell us in more detail

why you believe measures of net earnings and EPS that are adjusted for these items are

meaningful to investors. As part of your response, please tell us in more detail what  $% \left( 1\right) =\left( 1\right) +\left( 1$ 

comprises each of these adjustments including the extent to which these adjustments

relate to any acquisitions other than SunGard, the frequency with which you have

historically made acquisitions that contribute to these adjustments, and the length of time

over which these adjustments will be needed; along with better explaining to us why it is

meaningful to present metrics that include all of the revenue from your acquisitions but

only a portion of the related expenses. We may have further comments after reviewing  $% \left( 1\right) =\left( 1\right) \left( 1\right) +\left( 1\right) \left( 1\right) \left( 1\right) +\left( 1\right) \left( 1\right) \left$
